NOTIFICATION.

No. 3T.B.—1st June 1939.—In accordance with the Government (Education Department) notification No. 3059Edn., dated the 13th November 1928, the following list of text-books approved by this department for use in all Government and Government-aided Secondary Schools in this Presidency for a period of four years from January 1940, is published for general information. This office notification No. 11T.B., dated the 28th September 1934, and 13T.B., dated the 11th October 1934, containing text-books on the subjects mentioned in these notifications and approved by this department, will be cancelled after 31st December 1939.

Text-books on the other subjects not included in this list should be selected from the lists of text-books approved in this office notifications Nos. 5T.B., dated the 30th June 1937, 5T.B., dated the 18th June 1938 and 8T.B., dated the 10th November 1938.

Unless otherwise provided, in classes VII-X, the teaching and examinations in all subjects other than English shall be conducted in the vernacular. In classes below class VII, the teaching and examinations in all subjects shall be conducted in the vernacular only.

Change of text-books for individual classes must not be made more frequently than once in every four years (*i.e.*, during the period of approval) without the consent of the controlling officer concerned.

N. B.—(*i*) Prior to the publication of a new edition, all additions, alterations or omissions in the text of a sanctioned book must receive the sanction of the Committee. Any deviation from these instructions will render a book liable to immediate removal from the approved list of text-books.

(*ii*) No name except that of the author and publisher should be allowed on the cover or title page (*i.e.*, no name of editor, reviser, or writer of foreword or preface should be allowed).

(*iii*) Mat (*i.e.*, dull) and not glossy paper should be used.

(*iv*) Misleading statements on the cover or title page should be avoided. It should be clearly mentioned whether the book is approved as a text-book, a supplementary reader or a prize and library book.

(*v*) Any deterioration in paper, printing or illustrations of an approved book will render it liable to immediate withdrawal from the list.

(*vi*) Price—

(*a*) One anna and six pies for each thirty-two pages of printed matter *plus* a concession of 40 per cent.

This rate will be applicable to Bengali readers, Bengali grammar, Bengali composition, History (in Bengali), Science (in Bengali), Hygiene (in Bengali), Mathematical text-books (in Bengali), and also text-books on Sanskrit grammar and composition.

(*b*) Two annas for each thirty-two pages of printed matter *plus* a concession of 40 per cent.

This rate will be applicable to text-books on English literature, Geography (in English and Bengali), History (in English), Science (in English), Mathematics (in English), Hygiene (in English) and also text-books written in Sanskrit, Arabic, Persian and Urdu.

(*c*) One anna and six pies for Bengali copy-book.

(*d*) Two annas and three pies for an English copy-book.

(*e*) Six annas for a drawing-book.

(14) Persian Grammar and Composition—For classes VII and VIII (*combined*).

(15) Arabic Grammar and Composition—For classes VII and VIII (*combined*).

N.B.—(1) This office notification No. 5T.B., dated 30th June 1937, containing text-books approved by the Department on the above subjects, will be cancelled after 31st December 1941. Authors and publishers will be permitted to submit these books as well as new books on the above subjects for consideration by the Text-Book Committee.

(2) No book will be received by the Secretary before the time specified in this notification. Each book should be submitted in six* copies together with an application in the following form:—

(*i*) Name of book.

(*ii*) Class for which it is intended.

(*iii*) Name of author.

(*iv*) Name of publisher.

(*v*) Address of author or publisher.

(*vi*) Name and address of press where printed.

(*vii*) Whether the book was previously submitted for approval, and, if so, with what result.

(3) Two declarations as shown below should be forwarded to the Secretary, Text-Book Committee, for record along with the submission of each book called for in this notification:—

(*i*) I (We) declare that I (We) am (are) the author(s) of the book entitled........................ ....and published by................... ....

Signature of author(s).

Dated................ ....

(*ii*) I (We) declare that no copyright material has been used in the book entitled.../necessary permission has been obtained for the copyright material that has been used in the book entitled..

Signature of author(s) or publisher(s).

Dated. ....

(4) A sum of Rs. 12 should be paid as fee for each book mentioned under items Nos. (1)-(8) and a sum of Rs. 15 should be paid as fee for each book mentioned under items Nos. (9)-(15) above. A chalan showing payment into a Government Treasury in Bengal of this sum should accompany the application submitting each book to the Committee. One treasury chalan may, however, be used in depositing fees for all books intended for one class on the same subject. No book will be considered unless it is accompanied by a treasury chalan.

Fees once deposited will not be refunded.

Chalan forms may as well be available in this office. The following particulars should be given in each treasury chalan for each book separately:—

(*i*) Name of book and its author.

(*ii*) Class or classes for which submitted.

(*iii*) Amount of fees deposited.

---

*Four of these copies should contain no names of authors or publishers on the cover, inner title page, in the preface or elsewhere. The identity of the author or publisher should in no way be revealed in these copies.

(5) It is desirable that the title of a book submitted to the Committee for consideration should be printed at the top of each leaf of the book.

(6) The canvassing of members of the Text-Book Committee by authors or publishers or any one on their behalf will render their book liable to disqualification.

(7) Books submitted to the Secretary should always be in print.

(8) No name except that of author and publisher should be allowed on the cover or title-page (*i.e.*, no name of editor, reviser or writer of foreword or preface should be allowed).

(9) Mat (*i.e.*, dull) glassy paper should be used.

(10) The office of the Secretary, Bengal Text-Book Committee, does not hold itself responsible for answering letters regarding books under the consideration of the Committee. The names of books approved will be duly notified.

(11) Authors and publishers are further requested to note beforehand that no application for extension of time for submission of text-books to the Text-Book Committee will be entertained by this office.

(12) Revised Syllabus on Bengali Grammar for classes V and VI of Secondary Schools for boys and girls in Bengal, sanctioned in Government (Education Department) notification No. 582Edn., dated the 11th February 1937, is reproduced below :—

CLASS V.

Gender: feminine forms of words of common use. Case: case-endings and their uses. (It is particularly recommended that genuine Bengali forms should receive their proper treatment.) Comparison of adjectives. Cardinals and ordinals. Transitive and intransitive verbs সমাপিকা and অসমাপিকা ক্রিয়া. More elaborate treatment of tense. Participles and gerunds (ইয়া, ইলে, ইতে). Moods. Conjugation (of common Bengali roots) in greater detail. Causative verbs. Common অব্যয়. Simple ideas of সমাস.

Composition of compound and complex sentences.

CLASS VI

Sandhi in slightly greater detail (than in class IV, just enough to explain words generally occurring in Bengali readers for this and the previous class).

Simple rules of ণত্ব and ষত্ব.

Word-building : (1) Primary derivatives (তব্য, অনীয়, য, ত, ক্তি, তৃ, অক, অন and আন) and pure Bengali affixes like ই, আ, ইয়া, নি, আন and অন্ত.

(2) Secondary derivatives (ষ্ণ, তা, ত্ব, ঈ, য, ইমন্, ইক, ঈয়, ইন, বিন্, ময়, বৎ, মৎ, দা, ধা and শ) and the Bengali দার, ই, আই, গিরি, পনা, আনা, ওয়ালা, ওয়ান, আল, আলি, মন্ত and বন্ত.

Enlargement of subject and predicate. Analysis of sentences. Simple transformation of sentences.

A text-book of about 150 pages divided into two parts, the first containing the syllabus for class V and the second that for class VI.

Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT.

NOTIFICATION.

No. 2339L.A.—17th June 1939.—The following further report of the Committee appointed to draft rules of procedure for the conduct of business of the Assembly under section 84(*1*) of the Government of India Act, 1935, is hereby published for general information.

Further report of the Committee appointed to draft rules of procedure for the conduct of business of the Assembly under section 84(1) of the Government of India Act, 1935.

We, the members of the Committee appointed to draft rules of procedure for the conduct of business of the Assembly under section 84(*1*) of the Government of India Act, 1935, having, after submission of our report, been kept functioning by a resolution carried unanimously in the Assembly on the 28th March, 1938, beg to report further on the rules drafted by us as follows:—

The Committee met on the 25th August, 1938, in the Committee Room, Assembly House, Calcutta, to consider the decisions arrived at by the Conference which met in Darjeeling on the 21st and 22nd May, 1938, for the purpose of bringing the rules of procedure of the two Chambers of the Bengal Legislature into line so far as possible. At the said meeting the Committee recommended the following alterations in the rules as originally drafted, namely:—

I. In rule 1, the definitions of "Assembly", "Chamber", "Council", "Gazette" and "member" should be deleted.

II. In rule 2, line 2, the words "be summoned" should be substituted for the word "meet", and in rule 2(*a*), line 2, the word "Calcutta" should be inserted before the word "Gazette".

III. In rule 4(*6*), last line, after the word "lots" the words "in such manner as the person presiding may decide" should be added.

IV. In rule 12, sub-rule (*1*) should be deleted and the word "may" should be substituted for the word "must" in line 1 of sub-rule (*2*) which should be renumbered as sub-rule (*1*).

V. After rule 18, the following new rule should be inserted, namely:—

"Governor's power to give precedence to special business.

18A. The Governor acting in his discretion may—

(*a*) at the commencement of a session of the Assembly, allot a day or days for business relating to any matter which, in the opinion of the Governor, affects the discharge of his functions in so far as he is required by or under the Act to act in his discretion or to exercise his individual judgment, and on such day or days such business shall have precedence;

(*b*) at any time during a session, require that any business of the nature referred to in clause (*a*) shall be taken up on any day or days specified in such requisition, and on such day or days such business shall have precedence."

VI. In rule 28, line 2, for the word and figure "rule 26" the words "these rules" should be substituted.

VII. In rule 41(*1*), line 1, for the word "made" the word "moved" should be substituted.

VIII. In rule 48(*1*), line 4, the word "full" should be deleted.

IX. In rule 48(*2*), line 7, for the word "indicated" the word "intimated" should be substituted.

X. In rule 54(*5*), in line 1, for the word "In" the words "The Chairman shall not vote in the first instance, but in" should be substituted and also the existing words "the Chairman" should be deleted.

XI. In line 2 of the same rule 54(*5*) the words "second or" should be deleted.

XII. For the existing rule 70, the following should be substituted, namely:—

"70. (*1*) The member-in-charge of the Bill after giving seven days' notice or, with the consent of the Speaker, at shorter notice, may move that the amendments be taken into consideration;

(*2*) no such motion can be moved unless the amended Bill has been made available for the use of members for not less than seven days before the date when the motion is moved, except where the Speaker in his discretion, suspends the provision of this sub-rule and gives his consent for the moving of any such motion at shorter notice."

XIII. **For the existing rule 74, the following should be substituted namely :—**

"74. (*1*) Any member on behalf of the Government in the case o a Government Bill, or in any other case, any member, afte giving ten days' notice or, with the consent of the Speaker at shorter notice, may move that the Bill be taken int consideration;

(*2*) no such motion can be moved unless the Bill has been availabl for the use of members for not less than ten days before sucl motion is moved, except where the Speaker, in his discretion suspends the provision of this sub-rule and gives his consen for the moving of any such motion at shorter notice."

XIV. After rule 128 the following new rule should be insertec namely :—

"Publications by order of the Assembly.

128A. All publications in connection with the work of the Assembl or any committee thereof and published by order of th Speaker shall be deemed to be publications by order of th Assembly."

XV. After rule 133, the following new rule should be insertec namely :—

Filling of casual vacancies in committees.

133A. Rules regarding filling of casual vacancies in connectio with the Committee of Privileges and the Committee of Publi Accounts shall govern all casual vacancies in connection wit any committee that may be appointed by the Assembly including a Select Committee, but not a Committee of th whole House "

Z. ISLAM, *Subdivisional Officer, Communications and Works Department, Irrigation Branch, Rajshahi.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 16th June 1939.

Monthly Weather and Crop Report of Bengal for May 1939.

I. *Character of the season.*—During the month under review the rainfall was above the normal only in 5 districts of the province and below the average in the rest. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—In the beginning of the month want of rainfall somewhat interfered with the cultivation of autumn crops; subsequent rainfall, however, facilitated sowings generally.

III. *State of standing crops.*—At the outset the state of standing crops was not very favourable but the condition improved later on.

IV. *Prospect and probable outturns.*—The prospects of standing crops were, on the whole, fair.

V. *Damage to standing crops.*—Some damage to standing crops by drought was reported from places.

VI. *Condition of agricultural stock.*—The condition of live stock was, on the whole, fair. Sporadic cases of cattle-disease were, however, reported from 14 districts of the province and from the States of Cooch Behar and Tripura.

VII. *Failure of pasturage and fodder.*—Supply of fodder was reported to be sufficient except in parts of 24-Parganas, Nadia, Jessore and Faridpur.

VIII. *Prices of food grains.*—During the second fortnight of the month the retail prices of common rice of the cheapest quality rose in 12 districts and fell in 3. The price ranged from 9 seers per rupee at Darjeeling and Noakhali to 13 seers per rupee at Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair, except in parts of Murshidabad, Bankura, Rangpur, Bogra, Pabna, Malda and Bakarganj where distress continued and relief measures were in operation.

A. AHMAD, *Personal Assistant,*
for *Director of Agriculture, Bengal.*

[Pratibha (the name of the heroine). An original novel intended to illustrate the power of Fate and the glory of chastity. Induprabha, the elder daughter of a rich merchant of Subarnapur, is married to Vidhusekhara but on her first return journey to her father's house the boat capsizes but being rescued by a boat-man she is brought to the house of a prostitute where she has to live for some time. She, however, manages to keep her chastity undefiled. Pratibha, her younger sister, is then married to her husband, who later chances to meet Induprabha and is infatuated by her charms not knowing that she is his lost wife. The latter, however, recognises him. Pratibha has now to suffer much owing to her husband's neglect. Circumstances, however, so shape themselves that all the three are separated from one another. The two sisters meet each other in the house of a learned Brahman who gives them shelter. Later they are separated again Induprabha dying in the hermitage of a Kapalika by whose efforts the re-union of Vidhusekhara and Pratibha is effected.] Edited by Narendra Chandra Vedantatirtha, M.A. Pages 164. Note 1.—(*i*) When process of attachment mentioned in Article 3 is issued in a number of cases relating to the same or neighbouring villages, the fee (*a*) must be paid in each case, the daily fee (*b*) only for the men actually employed.

(*ii*) The daily fee (*b*) is to be paid at the time of obtaining the process for so many days as the court shall order, and the number of days required for the coming and going of the officer; but where the officer is not to be left in possession, then the daily fee is to be paid only for the time to be occupied by the officer going, effecting the attachment and returning:

Provided that, if it appears that for any reason the number of days fixed by the court under this note, and in respect of which fees have been paid, is likely to be exceeded, and the decree-holder desires to maintain the attachment, the decree-holder shall apply to the court to fix such further number of days as may be necessary and the additional fees in respect thereof shall be paid in advance according to the rate specified in Article 3(*b*) above. If such additional fees be not paid within the period in respect of which fees have already been paid before, the attachment shall cease on the expiry of the period.

(*iii*) When an application is made for the refund of custody fee, a report is to be called for from the Nazir showing the number of days spent for the coming and going of the officer, or when the officer was not left in possession, the time occupied by the officer going, effecting the attachment and returning. The balance of the custody fee, if any, after deducting the amount incurred as above, will be available for refund.

Note 2.—(*i*) The fee under clause (*a*) of Article 7 must be paid when the process is obtained.

(*ii*) The percentage or poundage fee under clause (*b*) of Article 7 must be paid in court-fee stamps by the auction-purchaser (decree-holder or other person) as soon as his bid is accepted by the court and the sale is completed.

(*iii*) The percentage leviable under clause (*b*) of Article 7 shall be calculated according to the following scale:—

One anna per Rupee ignoring fractions up to Rs. 8,

For sums over Rs. 8 and up to Rs. 37-8—8 annas,

For sums over Rs. 37-8 and up to Rs. 62-8—Re. 1,

For sums over Rs. 62-8 and up to Rs. 87-8—Re. 1-8,

and so on for the proceeds realized by the sale up to Rs. 987-8. For sums over Rs. 987-8 and up to Rs. 1,000 the fee shall be Rs. 20. If the proceeds of the sale exceed Rs. 1,000, a fee of Rs. 20 *plus* 4 annas for every Rs. 25 or part thereof of the amount in excess of Rs. 1,000 shall be levied.

(*iv*) In cases in which several properties are sold in satisfaction of one decree, only one poundage fee, calculated on the gross sale-proceeds, should be levied, 2 per cent. being charged on the gross sale-proceeds up to Rs. 1,000 and 1 per cent. on such proceeds exceeding Rs. 1,000.

Note 3.—For processes applied for and ordered to be executed as emergent, the fee will be the ordinary fee and half as much again.

Note 4.—Process-fees for the service of notices under section 167 of the Bengal Tenancy Act should be assessed in accordance with the scale prescribed by rule 680(*2*).

681. Notwithstanding rule 680, fees for processes in execution of any decree or order for recovery of money shall be charged, irrespective of the grade of the court issuing such processes and of the class or value of the original suit or case, according to the actual amount including costs and interest awarded, if any, recoverable in execution of the decree or order at the time when the execution is applied for; that is to say, if such amount is or exceeds Rs. 1,000 fees shall be charged under column 2 of table (2); if it be Rs. 50 and over but less than Rs. 1,000 they shall be charged under column 3 of table (2); and if it be less than Rs. 50 they shall be charged under column 4 of table (2).

Note. In computing the amount recoverable at the time when the execution is applied for, the costs and interest allowed in a previous execution case, if any, shall also be taken into consideration.

682. Notwithstanding rule 680, no fee shall be chargeable for serving or executing—

(*1*) any process, such as a notice, rule, summons, or warrant of arrest, which may be issued by any court of its own motion, solely for the purpose of taking cognizance of and punishing any act done or words spoken in contempt of its authority or of taking action under sections 195 and 476 of the Criminal Procedure Code (1898);

(*2*) any process issued a second time in consequence of an adjournment made otherwise than at the instance of a party or an intervenor;

(*3*) any copy of summons, notice, order, proclamation or other process, posted in a court house or in the office of the Collector;

(*4*) any order intimating postponement of sale, withdrawal of attachment or directing restoration of attached property to the person in whose custody it was or its replacement where it was found at the time of seizure;

(*5*) any order directing an officer in charge of a jail to detain or to release a person committed to his custody.

683. (*1*) No fees shall be charged for fresh service or execution of processes in cases where the parties concerned are not in any way to blame for their being not served or executed.

(*2*) If in any such case the presiding officer of a court is satisfied upon such enquiry as he considers necessary that there was failure or want of service on account of neglect of duty or any improper conduct on the part of a process-serving peon, a fresh process should be issued, if required by the party, and the presiding officer should direct the peon in fault to bear the costs incurred in the fresh service.

* * * * * * *

685. (*1*) In the localities only where and for the periods during which travelling except by boat is in the opinion of the District Judge impracticable, the fees chargeable for the service of processes shall be increased by such percentage not exceeding 25 per cent. as may be necessary to cover the additional cost of boat-hire or ferry-toll for journey in watery areas. The percentage of surcharge over the fees ordinarily leviable should be reduced when the realisation of the higher amount is found to exceed the additional cost incurred.

Note 1.—If it is found that the total annual realisation of boat-hire exceeds the amount necessary to meet the cost of boat-hire in the course of the year, the discretion given him by this rule should be exercised by the District Judge by reducing the percentage of surcharge in such a way as to make the total annual realisation on account of boat-hire equal as nearly as possible to actual expenditure for that purpose. The percentage may be fixed at different rates for different areas according to local conditions and cost of boat-hire.

Boat-hire fees shall be entered in the appropriate column of Form No. (R)13 for the purpose of ascertaining whether the total annual realisation of boat-hire in court-fees covers the annual expenditure on account of boat-hire. (Rule No. 7 of 1921.)

Note 2.—The process-server's boat-hire passed under this rule should alone be included under the head of "Process-serving charges" under "Special contingencies" (*vide* Resolution of the Finance Department of the Government of Bengal, dated the 4th August 1890).

(*2*) The Judge in charge of the Nazarat at every station shall, in consultation with the presiding Judges of other courts, prepare a list of areas, localities or villages within the jurisdiction of the Nazarat where and for the periods of the year during which travelling except by boat is impracticable. Areas, localities or villages to which journey may be made without the necessity of boat shall be excluded from the list. A copy of the list when approved by the District Judge shall be sent by the Judge in charge to each court at the station and the Secretary of the local Bar Association in sufficient time before the advent of the period from which the surcharge is to be levied. The list should be altered or modified from time to time when the state of the country renders it necessary and all changes should be notified in the above manner.

(*3*) The fees leviable from the parties on account of boat-hire should be realised in court-fee stamps affixed on a separate sheet of paper containing the number, etc., of the case in which the fees are filed and the name, description and residence of the persons on whom the processes are to be served.

686. (*1*) In the localities which are not for the time being subject to rule 685, when, in order to the service of any process, the peon has to cross a ferry, then the amount, if any, legally exigible as toll shall be paid by the court executing such process from its permanent advance.

(*2*) The permanent advance mentioned in this rule is the special permanent advance sanctioned by the Local Government for the purpose of the rules.

687. In cases in which the process is to be served in the jurisdiction of another court, the proper fee chargeable under rule 680 read with rule 685 shall be levied, in the manner above directed, and a note shall be made on the process stating that this has been done. A court which receives from another court, whether in the same province or not, a process bearing a certificate that the proper fee has been levied, shall cause it to be served without further charge.

Note 1.—The fees paid in pursuance of these rules must in all proceedings be deemed and treated as part of the necessary and proper costs of the party who pays them.

Note 2.—By arrangement between the Government of India and His Exalted Highness the Nizam of Hyderabad, civil processes for service or execution within His Exalted Highness's territories will be issued and served in accordance with the above rule.

Processes issued by civil courts in His Exalted Highness the Nizam's territories will be served or executed in the Bengal Presidency and in Assam free of charge.

Note 3.—As regards the service of process and execution of decrees in the Chittagong Hill Tracts, see rules 74 and 268.

Note 4.—Processes issued by courts in India for service in Mauritius must be accompanied by a remittance sufficient to meet the cost of service. A sum of Rs. 32 is considered likely to cover such cost.

In the case of a summons intended for service on a person in Mauritius, the procedure indicated in rule 25, Order 5 of the Code of Civil Procedure, should be adopted whenever possible in preference to effecting service through the Mauritius Government.

Maulvi Goffur Akhunji.

No. 1498R.G.—10th June 1939.—In exercise of the powers conferred by sections 3(2) and 4 of the Bengal Agricultural Debtors Act, 1935 (Bengal Act VII of 1936), delegated to him under section 5 of the said Act, the Commissioner of the Burdwan Division hereby cancels the appointment of Babu Shib Chandra Mandal as a member of the Beloon Dhamasin Debt Settlement Board in the Sadar subdivision of the Hooghly district, which was published in notification 1293R.G., dated the 29th April 1937, at page 1066, Part I of the *Calcutta Gazette*, dated the 6th May 1937, and appoints Babu Ganapati Ghosal to be a member in his place.

No. 1392J.G.—17th June 1939.—Mr. Gregory Gomes, probationary Sub-Deputy Collector, deputed temporarily to Suri in the district of Birbhum for loan collection work, was transferred on completion of that work to Hooghly Sadar for employment as Circle Officer, Dhaniakhali, where he joined in the general line on 5th April (forenoon) 1939. He has subsequently been transferred to Memari, district Burdwan, as Circle Officer where he joined on 12th April (forenoon) 1939 after making over charge at Hooghly on 5th April (afternoon) 1939. The transfers were made in the public interest.

This cancels this office notifications Nos. 663J.G. of the 24th March 1939 and 763J.G. of the 4th April 1939.

No. 1402J.G.—21st June 1939.—Babu Anadi Bhusan Mukharji, Sub-Deputy Collector (on probation), Bankura, was granted earned leave for nine days from 9th to 17th June 1939, under rule 10 of the Bengal Services (Revision of Leave) Rules, 1934.

No. 1403J.G.—21st June 1939.—Babu Prahlad Chandra Gope, Sub-Deputy Collector and Circle Officer of Dubrajpur, district Birbhum, is transferred to the Sadar subdivision of the Howrah district for employment as Circle Officer, Sadar. The transfer is made in the public interest.

This cancels this office notification No. 1102-J.G. of the 22nd May 1939 transferring him to Tamluk.

No. 681M.—24th June 1939.—It is hereby notified for general information that, under rule 20(*b*) of the rules for the management of hospitals and dispensaries in Bengal, the following gentlemen have been appointed to be members of the committee for the management of the charitable dispensary at Chandrakona in the district of Midnapore:—

University of Dacca.

Ramna, Dacca, the 15th May 1939.

NOTIFICATION.

Admission for the session 1939-40 in the Faculties of Arts (including Commerce), Science and Law will commence on 3rd July 1939. Candidates for admission must interview the Provost concerned, not later than the 21st July 1939 or three weeks after the date of publication of the results of the qualifying examination passed by the candidate in question, whichever is later. The Admission Committee may, however, at their discretion, grant exceptions to this rule and may impose such fines for lateness as they deem fit. Class fee for undergraduate students (other than those reading for honours in Physics and Chemistry) and Law students Rs. 8 per mensem; for undergraduate students reading for honours in Physics or Chemistry, special honours in Physics and Mathematics, for M.A. students and M.Sc. students in Mathematics Rs. 10 per mensem; for M.Sc. students in Physics and Chemistry Rs. 12 per mensem. Seat rent in halls varies from Rs. 2 to Rs. 4 and total minimum cost of tuition and living from Rs. 22 to Rs. 25 a month. A sum of Rs. 21,620 is distributed every year as stipends and scholarships. The University has up-to-date laboratories (including an Experimental Psychology Laboratory), an excellent library and an organised tutorial system. It possesses splendid residential facilities and well organised Students' Union and offers exceptional opportunities for athletics.

2. There are adequate facilities for women students. The residence for women students is near the University and is adequately furnished. Seat rent Rs. 3 per mensem. Intending candidates for admission to the residence are advised to apply as early as possible. There is also very cheap bus arrangement for attached women students. Some stipends are specially reserved for women students of the different halls.

3. Special facilities are given to poor students of backward communities by way of rent-free seats, special stipends and remission of part of examination fees.

4. There is a special Honours course in Physics and Mathematics with no subsidiary subjects. This course provides opportunity for a special study of theoretical Physics from the Mathematical point of view.

5. Provision is made in the Department of Chemistry for advanced teaching in Physical, Organic, Applied and Bio-Chemistry. There are B.Sc. pass courses in Botany and Physiology and a B.Sc. course with Botany, Chemistry and Physics and Soil Science specially suitable for later studies in the proposed Agricultural Institute at Dacca Farm.

6. The University has fifteen departments including a Department of Bengali and a Department of Political Science, with provision for teaching in Pass, Honours and M.A. courses in these subjects, except the M.A. course in Political Science which will be opened in 1940. "Urdu" has been introduced as an independent subject for the ordinary B.A. Course as well as a subsidiary subject for Honours students.

7. Further particulars regarding admission will be sent post free on application to the Registrar.

N. AHMAD, *Registrar.*

Hooghly Mohsin College, Chinsura.

Chinsura, the 10th May 1939.

Hooghly Mohsin College is one of the oldest in Bengal, having been founded in 1836. It will re-open on Monday, the 3rd July 1939, after the summer vacation.

The College teaches up to the B.A. and B.Sc. standard. It is affiliated in Honours in the following subjects:—

English, Sanskrit, Philosophy, History, Mathematics and Physics.

Applications for admission should be made in the prescribed form *immediately* after the publication of the University results in the *Calcutta Gazette*. Prospectus and admission forms can be had from the College office on personal application or by sending stamps for postage. Students who failed in the University Examination and desire re-admission should attach the University crossed list to their application form.

Girl students are admitted to all Arts classes.

As a rule, students who have passed the Matriculation or Intermediate Examination in the Third Division will not be admitted. Students who have failed to pass in any year after two attempts will not be allowed to continue.

There are two hostels attached to the College, one for Hindus and the other for Moslems. Both hostels are pucca buildings and very close to the College. There are electric lights in both the hostels.

A considerable number of free-studentships and Mohsin stipends are available for deserving students which are generally awarded in September every year.

T. N. BHATTACHARYYA, *Officer-in-charge*.

M. C. DEY, *Principal*,
Government School of Art, Calcutta.

Krishnagar College.

Krishnagar, the 29th May 1939.

The College re-opens on the 3rd July 1939 after the summer vacation.

1. The College teaches up to the B.A. and B.Sc. standards of the Calcutta University. There is provision for Honours teaching in Mathematics for the B.Sc. students and in English, Sanskrit and Mathematics for the B.A. students. The following combination of subjects is permitted:—

(*i*) I.A.—English, Bengali and any three of the following subjects:—History, Logic, Elements of Civics and Economics, Mathematics, Sanskrit or Persian.

N.B.—Candidates may also take up, if they so desire, one additional subject out of the last named group of five subjects, provided they have not already taken the subject. The additional subject so taken shall be considered as the optional subject under rule 8A of the University Regulations for the I.A. Examination.

(*ii*) I.Sc.—English, Bengali, Mathematics, Physics and Chemistry.

(*iii*) B.A.—English, Bengali and any two of the following subjects:—Mathematics, History, Economics, Mental and Moral Philosophy, Sanskrit or Persian.

(*iv*) B.Sc.—Physics, Chemistry and Mathematics.

2. Students who seek admission to the College must apply in the prescribed Admission Form which can be had from the College office on personal application or by sending a stamped cover. A limited number of women students is also admitted to the College.

3. Students who have passed the University Examinations creditably can be admitted to the College. Students who come with transfer certificates from other colleges can only be admitted if their attendance and progress in studies at the College where they last studied, are considered satisfactory. Plucked candidates are required to produce the "Admit Card" and the "Cross List".

4. Students who do not reside with parents or legal guardians must live in one of the College hostels. Permission to live with local guardians can be granted only in exceptional cases.

5. Arrangements have been made to divide the students into groups and place them under the effective and intimate guardianship of their teachers. Any change of address must immediately be notified to the College office.

6. Students must obey the rules and discipline of the College including those of the College Union. Absence from College Examinations without leave is a breach of College discipline. No student can be promoted to a higher class or sent up for a University Examination unless he has appeared at College Examinations and has been regular in attendance.

7. Attendance at games or organised physical exercises under the guidance of the Physical Instructor is compulsory.

8. *Hostels.*—There are two hostels attached to the College—one for the Hindu students and another for the Muslim students. The messing charge in the Hindu Hostel is Rs. 11 per month (including the establishment and light charges). In case of a deficit, the amount spent in excess is shared equally by the boarders. In the Muhammadan Hostel the messing charge is about Rs. 8 per month. In addition the charges for electric lights are shared equally by the boarders. The monthly seat rent is Re. 2 in both the hostels. Two of the students belonging to the educationally backward classes (*i.e.*, scheduled castes) can be given rent-free seats in the Hindu Hostel out of a grant received from the University of Calcutta. Students seeking admission to the hostels should apply to the Superintendents personally.

9. Students pay on admission to the hostel Rs. 3 as admission fee and Rs. 6 as caution money. The caution money is refunded only when the boarder finally leaves the hostel, provided all dues have been paid. But this money shall be forfeited to the hostel fund in the case of expulsion from the hostel. The health of the boarders has all along been satisfactory. A few stipends to poor but meritorious students residing in the hostels are awarded out of the income of certain trust funds.

10. *Fees.*—(*a*) Students pay on admission to the College an admission fee equal to the tuition fee of the class for one month.

(*b*) They also pay an annual consolidated subscription of Rs. 5 for the College Union, viz., Rs. 2 for the Athletic Club, Re. 1 for the College Magazine, Re. 1 for the Common Room and Re. 1 for other activities of the Union. This subscription is payable at the time of admission and subsequently in the month of July every year.

(*c*) They further pay an annual fee of Re. 1 as printing charges.

(*d*) They also contribute a sum of Re. 1 per year towards the Students' Aid Fund from which poor and needy students get occasional help in meeting their tuition fees. This amount is also payable in the month of July every year.

(*e*) Students whose names have not already been registered in the University, pay a registration fee of Rs. 2 (and money order commission of annas 2) as laid down in the University Regulations.

11. All students are also required to make a library deposit of Rs. 5 each and the I.Sc. students a laboratory deposit of Rs. 10 each, and the B.Sc. students a laboratory deposit of Rs. 15 each. The caution money is forfeited by Government if not withdrawn by the students within five years of the date of deposit.

12. (*a*) Monthly tuition fees are as follows:—for students of the I.A. Classes Rs. 6; for students of the B.A. and I.Sc. Classes Rs. 7; and for students of the B.Sc. Classes Rs. 8.

(*b*) Several free and half free studentships and stipends are available for poor but deserving students.

One Rani Monmohini Scholarship of Rs. 8 a month.

Two Mohsin Stipends of Rs. 5 a month each.

5. There are commodious and well-equipped, two-storied Government hostels, both for Hindus and Muhammadans. Hostel charges payable every month total Rs. 12-8 for Hindus and Rs. 11-4 for Muslims. Besides an excellent gymnasium, the College has arrangements for almost all popular games and physical exercises including rowing, water polo and swimming.

6. The scale of monthly tuition fees is Rs. 6 for I.A. and B.A. (Pass and Honours), Rs. 7 for I.Sc. and Rs. 8 for B.Sc. students. The Science Laboratories are well appointed and the College has its power house and electric installation.

7. Twenty-five per cent. of the vacancies in each class will be reserved for Muhammadan students, if necessary; but this reservation will not hold good if sufficient applications are not received at least one week before the day on which the College re-opens.

8. Applications for admission should be made in the prescribed form immediately after the publication of the University results.

Admission forms and prospectus can be had from the College office on personal application or by sending a postage stamp of nine pies. Students who failed in the University Examination and desire re-admission should attach the University Admit Card and their Crossed List to their application.

K. M. SEN, *Professor-in-charge.*

Government School of Art.

28, Chowringhee Road, Calcutta, the 6th June 1939.

NOTICE.

From the session commencing from 3rd July 1939, arrangements for training women students at the school have been made. Applications for admission should be made to the Principal in a prescribed form on or before 24th June 1939. A test examination will be held in the school premises on 26th, 27th and 28th June 1939 from 10-30 a.m. to 12 noon for selection of candidates. The successful candidates and their guardians will be required to interview the Principal (for selection of course, etc., and signing the necessary admission forms) on any day during office hours from 26th June 1939. For full particulars apply to the Principal.

Chittagong College.

Admission of students—Session 1939-40.

Chittagong, the 22nd April 1939.

The College opens for lectures on the 23rd June 1939.

2. The selection of candidates for admission into the various classes of the College will begin as soon as the results of the University Examinations are published in the *Calcutta Gazette*. Candidates for admission should submit their applications in the prescribed form which must reach the College office within a week of the publication of the results in the Government gazette.

3. Forms of application and copies of the Prospectus may be obtained from the office of the College by candidates appearing personally or on application with a three-fourth anna postage stamp.

4. No application will be entertained, unless it is made on the prescribed form and all the items of information are duly furnished.

5. The selection will ordinarily be made after a personal interview and the selected candidates must pay all dues and enrol themselves by the date specified at the time of selection.

6. The rates of tuition fees are as follows:—

I. A. Classes—Rs. 6 a month.

I. Sc. Classes—Rs. 7 a month.

B. A. Classes—Rs. 7 a month.

B. Sc. Classes—Rs. 8 a month.

Laboratory Caution Money—I. Sc.—Rs. 10 and B. Sc.—Rs. 15.

Library Caution Money—All classes—Rs. 5.

Fees are payable in advance from June 1939. An admission fee, which is equal to one month's tuition fee, is charged at the time of first admission and students are required to contribute to the various funds as follows:—

College Examination Fund—Re. 1 per session.

College Union Fund—Rs. 4 per session.

College Benevolent Fund—Re. 1 per session.

7. Plucked students from other institutions are not ordinarily admitted to the College.

8. Applications for admission to the Buddhist and Muhammadan hostels of the College should be made to the Superintendents of the hostels concerned on admission to the College.

P. B. RUDRA,

Principal, Chittagong College.

Bethune College, Calcutta.

Calcutta, the 28th April 1939.

The College reopens after the summer vacation on the 3rd July 1939, and the hostels on the day preceding.

Applications for admission into the College (as well as the hostel) in prescribed forms will be received as soon as the University results are published and admission of *selected* candidates will begin immediately after. No fees should be sent until selection is notified

Twenty-five per cent. of the seats will be kept reserved for Muhammadan candidates till the *17th June 1939.* There will be no admission after the 31st July 1939.

The printed forms and rules will be available at the office from the first week of June on application enclosing postage stamps worth 2 annas.

NOTIFICATION No. MISC. R. 17.

It is hereby notified for general information that the following Regulations relating to the introduction of the Degree of Bachelor of Metallurgy have been sanctioned by Government:—

Regulations for the Degree of Bachelor of Metallurgy.

(As adopted by the Senate on 6th August 1938.)

A

The following new chapter be inserted after Chapter LII of the Regulations (Edition of 1938, page 547).

CHAPTER LII-A

DEGREE OF BACHELOR OF METALLURGY

1. An examination for the Degree of Bachelor of Metallurgy will be held annually at such time and place as the Syndicate shall determine, the approximate date to be notified in the Calendar.

2. The course for this examination shall last for three years and the examination shall be divided into three Sections—Section A, Section B and the Final Examination

Any Under-Graduate of the University may be admitted to this examination provided he has prosecuted a regular course of study in a college affiliated to the University to the B. Met standard for three academical years after passing the Intermediate Examination in Science with Chemistry, Physics and Mathematics or for two academical years after passing the Bachelor of Science Examination with Chemistry, Physics and Mathematics in which case he shall be exempted from Section A Examination.

3. Syllabuses of studies, the rules regarding distribution of marks and pass marks, and the rules for admission and fee in respect of the Section A Examination shall be identical with those as laid down for Section A of the Intermediate Examination in Engineering (Chapter LI).

4. The subjects for the Section B and the Final Examination shall be grouped and marks distributed as follows:—

Section B Examination.

(To be taken at the end of the Second-year.)

GROUP I.

Subject	Marks
Mechanical Engineering including theories of steam and internal combustion engines and strength of materials (Theoretical) ...	300
Mechanical Engineering (Laboratory and Sessional) including mechanical testing of metals	200
Electrical Engineering (Theoretical) ...	300
Electrical Engineering (Laboratory and Sessional) ...	200
Drawing (Theoretical)	300
Drawing (Practical and Sessional) ..	200
	1,500

GROUP II.

Subject	Marks
Physical Chemistry (Theoretical) ..	200
Physical Chemistry (Practical) ...	100
Geology and Mineralogy (Theoretical) ...	200
Geology and Mineralogy (Practical) ...	100
Dressing of Minerals, and Refractory Materials	300
	900

GROUP III.

Fuels	200
General Metallurgy and Iron-founding ...	400
Foundry and Pattern-making ...	200
Chemical Analysis and Calorimetry (Practical)	400
	1,200

Final Examination.

(To be taken at the end of the Third year.)

GROUP I.

Metallurgy of Iron and Steel ...	600
Furnace Design and Drawing—	
Sessional	300
Practical	300
	1,200

GROUP II.

Metallurgy of Non-Ferrous Metals ...	400
Electro-Metallurgy ...	200
Metallurgical Analysis and Assaying (Theoretical)	200
Metallurgical Analysis and Assaying (Practical)	400
	1,200

GROUP III.

Metallography, Heat Treatment and Pyrometry (Theoretical)	400
Metallography, Heat Treatment and Pyrometry (Practical)	300
Metallography, Heat Treatment and Pyrometry (Sessional)	300
Mechanical Working and Testing of Metals ...	200
	1,200

5. Limits of the subjects shall be as follows:—

Section B Examination.

GROUP I.

The syllabuses of all the subjects in this Group are identical with those of the corresponding subjects for I.E., Section B Examination (Chapter LI) *excluding the Syllabus in Estimating from "Drawing and Estimating" at the I.E., Section B Examination.*

GROUP II.

PHYSICAL CHEMISTRY.

Theoretical.

Properties of gases and liquids; Avogadro's hypothesis; Kinetic theory; Properties and laws of solutions; Law of mass action; Chemical equilibrium in homogeneous systems; Phase rule; Equilibrium in heterogeneous systems; Colloids, Velocity of reactions; Catalysis; Theory of electrolytic dissociation and its applications: Law of conservation of energy: Thermo-Chemistry: Second law of thermodynamics and its application to chemical reactions: Claussius-Clapeyron equation: Joule-Thomson effect: Relation between chemical and electrical energy; Origin of E. M. F. in primary, secondary and concentration cells; Theory of electrolytic corrosion; Principles of electro-analysis and electrometric titrations; Thermodynamical study of technical gas reactions.

Practical.

Molecular weight determination by Victor Meyer's vapour density method; Molecular weight determination by freezing point method; Distribution of a solute between two non-miscible solvents; Investigation of homogeneous equilibrium—Hydrolysis of methyl acetate; Conductivity of electrolytes—determination of cell constant; Preparation of Standard half elements and determination of decomposition potential of salts; Electrometric titrations by oxidation—reduction methods; Electrometric titrations by precipitation method; determination of hydrogen on concentration and acid alkali titration, Calorimetry and the use of bomb calorimeter; Determination of transition temperature of salts and alloys by dilatometer.

GEOLOGY AND MINERALOGY

Theoretical.

Physical Geology—A general view of the earth Denudation by the weather, rivers, glaciers and the sea; transportation and deposition of detritus: consolidation of detritus. lamination and stratification. Volcanoes and volcanic products. Mode of occurrence of igneous rocks. dyke, sill, neck, lacolith, phacolith, stock, batholith Results of earth movements: formation of basins, domes, folding, over folding dip, strike, outcrop; normal and reversed faults. Rock cleavage, joints, metamorphism, thermal, dynamic and regional metamorphism

Petrology—Classification, characters and essential constituents of the more important igneous rocks.

Sedimentary rocks—Characteristics; Mode of origin and classification; General description of different sedimentary rocks.

Metamorphic rocks—Characteristic structures. General description of commoner kinds of metamorphic rocks.

Palaeontology—Fossils, their mode of preservation: rocks in which they occur Importance of fossils in stratigraphical geology.

Stratigraphical Geology—Leading principles of stratigraphy. A general outline of Indian stratigraphy.

Crystallography—Symmetry: Crystallographic axes; Indices; Systems and Forms· Reading and drawing of crystals.

Mineralogy—Physical properties of minerals in general. Description of following mineral species:—

Native Elements—Diamond, Graphite, Gold

Ore Minerals—

Aluminium—Bauxite.

Antimony—Stibnite.

Chromium—Chromite.

Copper—Chalcopyrite, Bornite, Chalcocite. Cuprite, Malachite, Azurite.

Iron—Magnetite, Hematite, Limonite, Siderite.

Lead—Galena, Cerussite.

Magnesium—Magnesite.

Manganese—Psilomelane, Braunite, Pyrolusite.

Mercury—Cinnabar.

Nickel—Pentlandite, Garnierite, Niccolite, Nickeliferrous pyrrhotite.

Silver—Argentite, Pyrargyrite, Proustite.

Sulphur—Pyrites.

Tin—Cassiterite.

Tungsten—Wolframite, Scheelite.

Zinc—Sphalerite, Smithsonite.

Refractory Minerals—Quartz, Kaolinite, Magnesite, Chromite, Graphite, Bauxite, Silimanite, Kyanite.

Oxide—Quartz, Corundum.

Carbonates—Calcite, Dolomite, Magnesite.

Sulphates—Gypsum, Barytes.

Phosphate—Apatite.

Silicates—Feldspar group, Feldspathoid group, Pyroxene group, Amphibole group, Olivine, Muscovite, Biotite, Talc, Serpentine.

Halides—Flourite, Cryolite.

Economic Geology—Form of mineral deposits. Origin and classification of mineral deposits: Enrichment of ore deposits: Coal, petroleum, clay, and economic mineral deposits of India.

Practical.

Determination of physical properties of minerals. Identification in the laboratory of minerals studied during lectures. Demonstration of methods of ore microscopy and preparation of polished sections of ore minerals. Magascopic determination of rocks.

DRESSING OF MINERALS.

Purpose and advantage of separating gangue material from valuable minerals and one mineral from another. Properties made use of in separation. Concentration by hand picking and sorting. Breaking, crushing and grinding mills. Sizing, classification. Water concentration. Flotation concentration. Magnetic, electrostatic, pneumatic and centrifugal separation. Percentage recovery, ratio of concentration, and enrichment. Flow-sheets.

REFRACTORY MATERIALS.

Acid, basic and neutral refractories. Physico-chemical properties that enable them to resist erosion, high temperature, changes of temperature and action of molten metal and slag. Study of expansion, contraction, specific heat, porosity, permeability, thermal and electric conductivity of refractories. The preparation of refractory materials and their uses in the manufactures of fire-bricks, crucibles, retorts and for lining furnaces.

GROUP III.

FUELS.

The chemical composition, calorific power and general uses of fuels. Combustion. Calculation of volumes and weights of air necessary for combustion of fuels. Calculation of heat losses. Conditions necessary to ensure heat efficiency of furnaces.

Solid fuels—Wood and charcoal. Coal, its origin, nature and classification. Characteristics and distribution of Indian coals. Destructive distillation of coal at high and low temperatures. Manufacture of Metallurgical Coke and recovery of by-products.

Pulverised coal and coal briquettes.

Liquid fuels—Petroleum and their distillation products. Coal tars and their distillation products. Shale oil. Products of hydrogenation of coal.

Gaseous fuels—Producer gas, semi-producer gas, water gas, Mond gas, blast furnace gas. Their manufacture, composition and calorific values. The chemical reactions and thermal changes involved in gas production.

Calorimetry—Types of calorimeters for estimating the calorific values of solid, liquid and gaseous fuels. The bomb calorimeter.

GENERAL METALLURGY AND IRON-FOUNDING.

A brief history of the metallurgical art.

The nature, objects, and classification of metallurgical processes. The definition of metallurgical terms and of the chief physical and mechanical properties of metals. Occurrence and distribution of principal ores and the limits of their composition. Roasting and calcining of ores. Various types of metallurgical furnaces. Selection of fuel. Methods for regulating and pre-heating air supply. The recovery and utilization of waste heat. Characteristics and composition of slags and fluxes.

Brief outline of the principal processes for extraction of gold, copper, zinc, lead, tin and iron. The methods of making brasses, bronzes, type and antifriction metals. Their properties and uses.

Iron-founding—Pig iron. Influence of various constituents on the properties of pig iron. Grading of pig iron. The foundry cupola. Melting of pig iron in cupola and reverberatory furnaces. Changes in composition produced by re-melting of pig iron. The phenomena of crystallization, segregation and shrinkage during solidification of iron. Moulding sands and their properties. Green-sand, dry-sand, and loam moulding. Chilled and malleable castings.

PATTERN-MAKING AND FOUNDRY.

Practical details of pattern-making.

Making of patterns of machine details. Making of simple core boxes. Practical details of moulding. Making of moulds from patterns. Charging of the cupola. Practical details of casting ferrous and non-ferrous metals and alloys. The Practical work will be done in the Pattern Shop and Foundry.

CHEMICAL ANALYSIS AND CALORIMETRY.

Practical.

The determination of iron, copper, lead, tin, zinc, nickel, manganese, chromium, antimony, arsenic, silver, chloride, sulphate, phosphate and carbonate by wet methods.

The analysis of coal, coke and furnace gases.

The determination of calorific value of solid and liquid fuels.

Final Examination.

GROUP 1.

METALLURGY OF IRON AND STEEL.

Occurrence and distribution of iron ores. Iron ores of India. Preparation of iron ores. The blast furnace and its accessories. Smelting of iron ore in the blast furnace. Chemistry of smelting. Calculation of blast furnace charge. The advantage and necessity of pre-heating air blast. The evil effect of too much moisture in blast. Effect of furnace charges and conditions of working on the composition of pig iron. Blast furnace products. Composition and grading of pig iron. Influence of different constituents on the properties of pig iron. Manufacture of spiegeleisen, ferro-manganese and ferro-silicon in the blast furnace. Foundry cupola. Chilled and malleable castings. Methods of manufacture, properties and uses of wrought iron.

Production of tool steels by cementation and crucible processes. Grading of tool steel. Manufacture of steel by Bessemer, open hearth, modified open-hearth, duplex and electric processes. Chemistry

(including thermo-chemistry) of the processes of steel making. Comparative study of the various steel making processes. Considerations to be taken into account in the selection of a process. Manufacture of iron and steel in ancient India. Methods of making alloy steels. The steel foundry and steel castings. Influence of carbon and other elements on iron. Case-hardening of steel. Welding. Corrosion and methods of protecting iron from corrosion including galvanising tinning, etc.

(N.B.—In the treatment of this subject the methods that are in operation in India will be dealt with more fully.)

FURNACE DESIGN AND DRAWING (SESSIONAL).

Students shall make about six drawings of various types of furnaces and shall make various calculations in connection with smelting of metals, manufacture of coke, producer gas, etc.

GROUP II.

METALLURGY OF NON-FERROUS METALS.

Gold—The ores of gold. Preliminary treatment and processes of extraction. Parting of gold and silver. Refining. Alloys of gold. Standard gold.

Silver—The ores of silver. Preliminary treatment and extraction. Cupellation. Refining. Alloys of silver. Standard silver.

Copper—The ores of copper. Smelting in reverberatory and blast furnaces. Pyritic smelting. Calculation of furnace charge. Constitution of copper matte. Bessemerizing of copper matte in different types of converters. Wet method of extraction. Furnace and electrolytic refining of copper. Chief alloys of copper.

Nickel—The ores of nickel. Methods of extraction and refining. Grain, cast and malleable nickel. Chief alloys of nickel.

Lead—The ores of lead and their smelting. Softening of hard lead. The Pattinson and Parkes processes of desilverization of lead. The chief alloys of lead.

Tin—Dressing and separation of tin ores from wolfrum, etc. The smelting of tin ores and refining of tin. The alloys of tin.

Zinc—The ores. Extraction and refining of zinc. Chief alloys of zinc.

Antimony—Smelting of antimony ores and refining of the metal. Alloys of antimony.

Elementary treatment of the metallurgy of cadmium, mercury, chromium, tungsten and platinum.

The chief physical, mechanical and chemical properties as well as the uses of the above metals.

(N.B.—In the lectures on this subject the methods that are in operation in India will be treated more fully.)

ELECTRO-METALLURGY.

Extraction on refining of the following metals by electrolytic method :

Sodium, potassium, calcium, magnesium, aluminium, cooper, zinc, iron, nickel, lead, gold and silver. Principles of electroplating. The electro-thermal process of reducing iron from its ores. Various types of electric furnaces used in metal industry. Processes of making steel and ferro-alloys in electric furnaces. Power factor, load factor, regulators, electrodes, economisers, electrical connections and control. Electric welding.

METALLURGICAL ANALYSIS AND ASSAYING.

Theoretical.

The necessity and importance of securing a representative sample for analysis. Conditions on which this depends. Hand sampling and mechanical sampling. Common methods of sampling coal, ores, metals, etc.
Lectures will be given to explain the principles underlying the analyses and assays prescribed for the practical course.

Practical.

The fire assay of the ores of gold, silver, lead and tin, and gold and silver bullion. Making of common non-ferrous alloys in crucible furnace in the laboratory and their analysis. The complete analysis of refractories in the ferrous and non-ferrous alloys, ores, mattes, slags and other metallurgical products.

GROUP III.

METALLOGRAPHY, HEAT TREATMENT AND PYROMETRY.

Theoretical.

Crystalline structure of metals. Relationship of structure to composition and properties. Crystallization of metals and alloys. Heating and cooling curves. Thermal equilibria in metallic systems illustrated by reference to equilibrium diagrams. The Phase Rule and its application to metallic systems.

The grinding, polishing and etching of metallic sections. The optics of metallographic microscope. Importance of both thermal and microscopic methods in the study of metallic systems. Chief characteristics of the micro-structures of metals and alloys. The phenomenon of under cooling. The metastable and labile states. Delayed crystallization. Examples. Effects of direct and alternating stresses (within or beyond the elastic limit) on metals and their structures.

The iron-carbon equilibrium. The nature and physical properties of Austenite, cementite, delta, gamma, beta, and alpha iron. The critical points and phase changes in solid alloys containing from 0 to 1·8 per cent. carbon. The A_4, A_3, A_2, A_1 and A_0 points.

Crystallization of pure iron and iron-carbon alloys. Formation of dendritic Austenite, granulation and secondary crystallization. Characteristics of pearlite. Stages intermediate between Austenite and pearlite, *viz.*, Martensite. Troostite and Sorbite. Micro-structure of alloy-steels. Micro-constituents of cast iron.

Hardening of metals and alloys considered generally. Heat treatment of steel. Effect of heat-treatment on the structures and properties of steel.

Equilibria in the principal non-ferrous systems, *viz.*, lead-antimony, lead-tin, tin-antimony, aluminium-silicon, aluminium-magnesium, aluminium-zinc, zinc-copper, copper-tin, copper-aluminium and copper-sliver.

Pyrometry—Air thermometer, thermo-electric couples, the electric resistance thermometer, radiation and optical pyrometers. Seger cones. The calibration of pyrometers. Determination of freezing and melting points, and phase changes in the solid condition. Methods of plotting curves.

Practical.

Standardization of pyrometers. The thermo-electric method of determination of freezing points, curves and critical points in the solid state by means of potentiometer. Types of industrial pyrometers and their use. Microscopic examination of metallic sections. The preparation of micro-sections. The use of microscope in the examination of metals and alloys. Systematic examination of the micro-structures of metals including pure metals, wrought-iron steels, alloys steels, cast iron, brasses, bronzes, anti-friction metals, zinc-aluminium alloys and other important industrial alloys. Photo-micrography.

The effect of rate of cooling, normalizing, annealing, quenching, tempering and presence of inclusions on the micro-structure and mechanical properties of metals and alloys.

MECHANICAL WORKING AND TESTING.

Defects of cast metal. The need for mechanical working. The flow of metals. Effects of composition and impurities. Cold and hot working. Cold and red shortness. Temperature of working.

Various methods of working metals, *viz*., rolling, forging by hammer and press, drop-forging, stamping, extrusion, etc.

Mechanical properties of metals and how they are tested.

Typical standard specifications of important industrial metals and alloys.

Inspection of defects and flaws in metals.

6. Every candidate for admission to the Section B Examination shall send to the Registrar his application with a certificate in the form prescribed by the Syndicate together with a fee of Rs. 40, at least fourteen days before the date fixed for the commencement of the examination.

A similar rule shall be observed in regard to the registration of a candidate's name for the Final Examination, in which case the fee shall amount to Rs. 50, irrespective of whether the candidate has previously passed or failed in the Section B Examination. A candidate who fails to pass or present himself for either examination shall not be entitled to a refund of the fee.

A candidate may be admitted to one or more of the subsequent examinations on payment of fee of like amount to those above quoted.

7. A candidate may be permitted to present himself for the Section B Examination at the end of the Second-year course provided he has already qualified in Section A Examination. In the event of his failing in one group only and/or in the aggregate in the Section B Examination he may be allowed to present himself again for examination in that group in which he failed; or in any one group to be chosen by him in the case of his failing in the aggregate at the end of the Third-year course. Such a candidate may obtain credit for the remaining groups of the examination. If, however, a candidate fails in more than one group of the examination he will have to present himself for re-examination in all the groups of Section B Examination.

8. A candiate may be permitted to present himself for the Final Examination at the end of the Third-year course and if he fails in one group and/or in the aggregate he will have to appear again in all the groups at a subsequent examination.

No candidate shall be allowed to pass the Final Examination unless he has previously passed in Section B Examination.

9. The pass marks for Section B and the Final Examinations shall be one-third in each group of the subjects and forty per cent. of the aggregate in each section. A passed candidate who secures a minimum of fifty-five per cent. and two-thirds of the combined full marks of both Sections B and the Final, shall be declared to have passed in the Second and First Classes respectively.

10. Any candidate who has failed in one group of subjects only and by not more than five per cent. of the full marks in that group, but has shown merit by gaining sixty per cent. or more in the aggregate of the marks of that Section, shall be allowed to pass.

11. If the Board of Examiners are of opinion that in the case of any candidate not covered by the preceding Regulations consideration ought to be allowed by reason of his high proficiency in a particular group or in the aggregate, they shall report the case to the Syndicate and the Syndicate may pass such candidate.

12. The order of merit on passing the Examination for the Degree of Bachelor of Metallurgy shall be determined by the combined total marks obtained in both Sections.

13. As soon as possible after the examination the Syndicate shall publish lists in order of merit of those who have passed the Final Examination in the Second and First Classes. They shall also publish lists in alphabetical order of other candidates who have passed the Final Examination and of those who have qualified in two groups of Secion B showing also the group in which the candidates will yet have to qualify. Each successful candidate shall receive with his Degree of B. Met. a Certificate in the form entered in Appendix A.

Orders by the Hon'ble the Vice-Chancellor and Syndicate of the Calcutta University.

Senate House, the 23rd May 1939.

NOTIFICATION No. T. 532.

B.A. EXAMINATION, 1941.

In supersession of previous notification on the subject the following text-books are prescribed to be read in Bengali and Hindi (Pass and Honours Courses) for the B.A. Examination in 1941 in accordance with the revised Syllabus notified in this office notification No. Mis. R. 7, dated the 19th November 1938:—

Bengali Second Language.

TEXT-BOOKS PRESCRIBED.

Pass Course.

Paper I.

[(*a*) Poetry texts—80 marks.]

Vaishnab Padabali (Calcutta University), whole.
Annadamangal (Bharatchandra), Byaskasi portion only.
Chaturdaspadi Kabitabali (Madhusudan).
Manasi (Rabindranath).

For reference only—

Kabya Parikrama (Ajitkumar Chakrabarti).

[(*b*) Metrics—20 marks.]

Bangla Chhander Mul Sutra (Amulyadhan Mukherjee).

Paper II.

[(*a*) Prose texts—75 marks.]

Alaler Gharer Dulal (Tekchand Thakur).
Krishnakanter Will (Bankimchandra).
Swadesh (Rabindranath).
Jatiya Sahitya (Asutosh).

For reference only—

Bangla Sahitye Gadya (Sukumar Sen).

[(*b*) Criticism—25 marks.]

For reference only—

Sahitya (Rabindranath).
Samalochana Sangraha (Calcutta University).
Kabya Jijnasa (Atulchandra Gupta).

Paper III.

[(*a*) Drama Texts—80 marks.]

Bhranti (Girischandra).
Nara-Narayan (Kshirodeprasad).
Shajahan (Dwijendralal).
Abhisap (Girischandra).

For reference—

Natak O Nataker Abhinaya (Kshetranath Bhattacharyya).
Jogindranath Basu's Life of Michael Madhusudan Datta, Chapters 8 and 9.
The Indian Stage (Hemendranath Dasgupta).
Giris Natya Sahityer Baisistya (Amarendra Ray).

[(*b*) Rhetoric—20 marks.]

Recommended—

Kabya Nirnaya (Lalmohan Bidyanidhi). (Alankar portion only.)

Honours Course.

(In addition to the Pass Course.)

Paper IV.

[(*a*) Additional Poetry Texts—80 marks.]

Mahabharata (Kashiram), Srivatsa-Chinta Upakhyan only.
Meghnadbadh (Madhusudan), Cantos 5 and 6 only.
Kurukshetra (Nabinchandra).
Naibedya (Rabindranath).

For reference only—

Bangabani (Sasankamohan Sen).
Rabi Rasmi (Charu Bandyopadhyay).

[(*b*) Unseens—20 marks.]

Paper V

[(*a*) Additional Prose Texts—80 marks.]

Sakuntala (Vidyasagar)
Kapalkundala (Bankimchandra).
Siksha (Rabindranath).
Palli Samaj (Saratchandra Chatterjee).

For reference only—

Sahityer Dharma (Rabindranath).
Bangabani (Sasankamohan Sen).
Banga Sahitye Upanyaser Dhara (Srikumar Banerjee—Calcutta University).

[(*b*) Unseens—20 marks.]

Paper VI.

[(*a*) Additional Drama Texts—80 marks.]

Mrichha Katik (Jyotirindranath Tagore).
Mayabasan (Girischandra).
Jajnaseni (Amritalal).
Bisharjan (Rabindranath).

Books for reference only—

Same as in Pass Course.

[(*b*) Unseens—20 marks.]

Alternative Paper in Bengali (to be taken up by candidates who take up Bengali as Second Language).

[(*a*) History of Literature—40 marks.]

Books recommended—

D. C. Sen—Bangabhasa O Sahitya (Chapter VI, Section 4), Chapter VII.
Sukumar Sen—Bangala Sahityer Katha (Calcutta University).

[(b) History of Language—30 marks.]

Books recommended—

Sunitikumar Chatterjee—Bangala Bhasatattver Bhumika.
Sukumar Sen—Bhasar Itivritta (Chapters I-V, XI-XII).

[(c) Essay—30 marks.]

Hindi Second Language.

Pass Course

Paper I.

[(a) Poetry Texts—80 marks.]

1. Tulsi—Geetawali
2. Mira Bai—1-50 Padas. Meera Bai edited by Ramlochan Jha
3. From Brij Madhuri Sar (Kantak)—

(1) Roskhan—(1-36 pieces).
(2) Nanddass—(all pieces).
(3) Deve—(1-43 pieces except 1, 11, 14, 20, 21, 25, 26 and 28)
(4) Bihari—(1-42 pieces).
(5) Anandghan—Sujan Sagar.

4. Vidyapati—Vandana, Vasanta, Prarthana and Nachari

[(b) Metrics—20 marks.]

Pingal Kaumadi or any other book of the same standard may be consulted.

Paper II.

[(a) Prose Texts—75 marks.]

1. Nandadulare Bajpai—Sahitya Sushama
2. Pran Chand—Premashrama
3. Gopal Publishing House—Atha Kahaniyan
4. B. Shiva Nandan Sahai—Bharendu Harischandra Ki Jeewani

[(b) Criticism—25 marks.]

Babu Shyam Sunder Dass—Sahitya Lochana.

Paper III.

[(a) Drama Text—80 marks.]

1. Ajat Shatru—Jaishankar Prasad.
2. Kartavya—Seth Govind Dass, M.L.A.
3. Uttar Ramcharitra—Kavi Ratna Satya Narain.

NOTIFICATION No. 2294.

Ramna, the 14th June 1939

It is hereby notified for general information that the following changes have been made in Chapter XIII of the Regulations of the Board consequent on the introduction of practical examinations in Science subjects for the Intermediate Examinations of the Board in Groups B (Science) and D (Dyeing). The changes take effect from the examination of 1941:—

Chapter XIII.

I. The words "Two papers" against Geography in sub-section 3 (Group A) of Section 5 be omitted and the following paragraph be inserted at the end of the Section:—

"In the subject Geography in sub-section 3 (Group A) of Section 5, there shall be two theoretical papers and one practical paper".

II. The words "Two papers" against subjects other than Mathematics in sub-section 3 (Group B) of Section 5 be omitted and the following paragraph be inserted at the end of the Section:—

"In each of the subjects other than Mathematics in sub-section 3 (Group B) there shall be two theoretical papers and one practical paper".

III. The words "Two papers" against the subjects Physics and Chemistry in sub-section 3 (Group D) of Section 5 be omitted and the following paragraph be inserted at the end of the Section:—

"In each of the subjects Physics and Chemistry in sub-section 3 (Group D) of Section 5 there shall be two theoretical papers and one practical paper".

IV. Section 12 may be replaced by the following:—

"12. (A) The first paper in Geography in Groups A and B shall consist of:—

(*i*) Questions in Mathematical Geography	..	35 marks.
(*ii*) Questions in Physical Geography ..	..	40 marks.

(B) The second paper in Geography in Groups A and B shall consist of:—

(*i*) Questions on the Regional Geography of the world, physical features, climate and natural resources	..	20 marks.
(*ii*) Questions on general Political Geography of the world with special reference to British Empire, Far East, Near East, Western Europe and the United States of America ..	..	40 marks.
(*iii*) Questions on Commercial Geography	..	15 marks.

(C) Practical Paper	..	50 marks.

Each theoretical paper shall be of three hours and each practical paper of two and half hours. Each theoretical paper shall carry 75 marks and the practical paper 50 marks and of these 50 marks, 25 marks shall be set apart for Laboratory Note Books. The limits of the subject both for theoretical and practical papers, are shown in the syllabus (syllabus No. 6). Text-books may be recommended for guidance."

V. Section 19 may be replaced by the following:—

"19. (A) The first paper in Physics in Group B shall consist of:—

(*i*) Questions in General Physics and Sound	..	40 marks.
(*ii*) Questions on Heat ..	..	35 marks.

(B) The second paper in Physics in Group B shall consist of:—

(*i*) Questions on Light and Magnetism	..	40 marks.
(*ii*) Questions on Frictional and Dynamical Electricity	..	35 marks.

(C) Practical Paper	..	50 marks.

Each theoretical paper shall be of three hours and each practical paper of two and half hours. Each theoretical paper shall carry 75 marks and the practical paper 50 marks and of these 50 marks, 20 marks shall be set apart for Laboratory Note Books. The limits of the subject, both for theoretical and practical papers, are shown in the syllabus (syllabus No. 24). Text-books may be recommended for guidance."

VI. Section 20 may be replaced by the following:—

"20. (A) The first paper in Chemistry in Group B shall consist of:—

Questions in Inorganic Chemistry, Chemical Laws and Non-metals	..	75 marks.

(B) The second paper in Chemistry in Group B shall consist of:—

Questions in Inorganic Chemistry, Non-metals and metals, Examples	..	75 marks.
(C) Practical Paper	..	50 marks.

Each theoretical paper shall be of three hours and each practical paper of two and half hours. Each theoretical paper shall carry 75 marks and the practical paper 50 marks and of these 50 marks, 20 marks shall be set apart for Laboratory Note Books. The limits of the subject, both for theoretical and practical papers, are shown in the syllabus (syllabus No. 26). Text-books may be recommended for guidance."

VII. Section 21 may be replaced by the following:—

"21. (A) The first paper in Botany in Group B shall consist of:—

Questions on general morphology, classification and the life history of selected plants ..	75 marks.

(B) The second paper in Botany in Group B shall consist of:—

Questions on Elementary Histology and Plant Physiology	75 marks.
(C) Practical Paper	50 marks.

Each theoretical paper shall be of three hours and each practical paper of two and half hours. Each theoretical paper shall carry 75 marks and the practical paper 50 marks and of these 50 marks, 20 marks shall be set apart for Laboratory Note Books. The limits of the subject, both for theoretical and practical papers, are shown in the syllabus (syllabus No. 29). Text-books may be recommended for guidance."

VIII. Section 35 may be replaced by the following:—

"35. (A) The first paper in Physics in Group D shall consist of:—

(*i*) Questions on General Physics	40 marks.
(*ii*) Questions on Heat	35 marks.

(B) The second paper in Physics in Group D shall consist of:—

(*i*) Questions on Light and Magnetism	40 marks.
(*ii*) Questions on Frictional and Dynamical Electricity	35 marks.
(C) Practical Paper	50 marks.

Each theoretical paper shall be of three hours and each practical paper of two and half hours. Each theoretical paper shall carry 75 marks and the practical paper 50 marks and of these 50 marks, 20 marks shall be set apart for Laboratory Note Books. The limits of the subject, both for theoretical and practical papers, are shown in the syllabus (syllabus No. 25). Text-books may be recommended for guidance."

IX. Section 36 may be replaced by the following:—

"36. (A) The first paper in Chemistry in Group D shall consist of:—

Questions in Inorganic Chemistry (Chemical Laws and Non-metals)	75 marks.

(B) The second paper in Chemistry in Group D shall consist of:—

Questions in Inorganic Chemistry (metals) and questions in Organic Chemistry ..	75 marks.
(C) Practical Paper	50 marks.

Each theoretical paper shall be of three hours and each practical paper of two and half hours. Each theoretical paper shall carry 75 marks and the practical paper 50 marks and of these 50 marks, 20 marks shall be set apart for Laboratory Note Books. The limits of the subject, both for theoretical and practical papers, are shown in the syllabus (syllabus No. 27). Text-books may be recommended for guidance."

X. Section 45 may be replaced by the following:—

"45. In order to pass the Intermediate Examination a candidate must obtain—

(*i*) In English General	36 marks.
(*ii*) In the Vernacular	36 marks.
(*iii*) In each of the remaining subjects taken up other than Physics, Chemistry, Botany and Geography	30 per cent. of the full marks.
(*iv*) In Physics, Chemistry, Botany and Geography—	
In the two theoretical papers	45 marks.
In the practical paper	16 marks.
(*v*) In the aggregate of the papers . ..	340 marks.

If a candidate fails in one practical subject, he shall be regarded to have passed in the three Science subjects, provided he passes in all other theoretical and practical papers and secures 33 per cent. of aggregate marks in those subjects.

Candidates offering Science subjects including Principles of Dyeing are required to pass in the practical portion of the subject as well as in the theoretical portion and that every student who desires to be examined in any such subject must produce a certificate from the Principal of his college to the effect that he has completed in an affiliated college, the corresponding practical course prescribed by the Regulations.

The Laboratory Note Books of candidates shall be examined and marked by Examiners. Note Books which have not been signed at frequent intervals by the Professors under whom the candidates worked will not be accepted."

SYLLABUSES.

Syllabus No. 6.

Geography for the Intermediate Examination in Groups A and B.

1. The Earth as a unit of the Solar System Simple mathematical proofs of the Earth's shape and size.

2. Determination of Latitude, Longitude and Time; Local and Standard Time International Date Line.

3. Simple Map-making Simple Map-projection. Methods of Representing Relief Contour Lines and Sections.

4. Movements of the Earth, their proofs and their consequences Variations in the length of Day and Night, Phases of the Moon. Causes of the Eclipses.

5. The Structure of the Earth. Formation of Rocks, Mountains, Valleys and Plains, Coasts and Islands. Glacial Action. Volcanoes and Earthquakes. Simple Geological History of India. General Relief of land.

6. Temperature and Pressure Records. Cyclone and Anti-cyclone Humidity. Condensation. Measurement and distribution of Rainfall Factors of Climate—Classification of Climates.

7. Ocean—General Relief of floor and deposits on it. Its Salinity and Temperature. Currents and Tides.

8. Distribution of Plants and Animals, with special reference to their uses to Man.

9. Distribution of Mankind, Formation and Expansion of Nationality.

10. Elementary Commercial Geography—Distribution of Agricultural, Mineral and Industrial Products. Effects of Climatic and Ocean Currents on Commerce. Highways of Land and Sea.

11. The Geography of the continents and countries regionally considered in so far as their physical features, climates and natural resources are concerned.

Also, industries, trade, distribution of population, towns, communication, race, language and natural development of the people, in connection with political regions of the World with special reference to the British Empire, Japan, Western Europe and the United States of America.

Practical Work.

(1) Measurement of length by a diagonal scale.
(2) Measurement of length by a Vernier scale.
(3) Measurement of area by graph paper.
(4) Drawing of Sections of Spheres.
(5) Drawing of map Projections.
(6) Drawing of Contour lines and sections.
(7) Drawing of the phases of the moon.
(8) Map drawing.
(9) Reduction or enlargement of maps on given scale.
(10) Determination of the scale of a given map.
(11) Determination of latitude and longitude.
(12) Determination of Local Time—apparent and mean.
(13) Measurement on a globe.
(14) Use of a Sextant.
(15) Use of the Sun-dial.
(16) Reading of Temperature.
(17) Reading of Pressure.
(18) Reading of Humidity.
(19) Determination of direction and velocity of wind.
(20) Reading of Rainfall.
(21) Making and Reading of Charts and their graphical representations.
(22) Reading of Isothermal Maps.
(23) Reading of Isobar Maps
(24) One special work to be undertaken by each student of his choice such as making of a relief map, sun-dial, a clinometer, etc.

Syllabus No. 24.

Physics for the Intermediate Examination in Group B.

(*a*) General Ideas:—

Units of measurement and definitions of mass, force and motion.
Laws of motion.
Work and energy.
General properties of solids, liquids and gases.
Elasticity—Hook's Law and Young's Modulus.
Motions of translation and rotation.
Laws of pressure of liquids and gases; measurement of pressure, Barometer, Siphon, Air Pump.
Equilibrium of floating bodies.
Specific gravity.
Simple Harmonic motion.
Motion of pendulum.

(*b*) Heat:—

Laws of expansion of solids, liquids and gases under heat. Measurement of temperature.
Quantity of heat Specific heat. Changes of molecular state and latent heat of molecular changes of state.
Vapour-pressure; boiling point, dew point; formation of cloud, fog and dew, Simple ideas of Hygrometrey.
Radiation, conduction and convection of heat.
The connection between heat and work.
Steam-engines.
Simple Petrol Engine.

(*c*) Light:—

Laws of transmission of light, its intensity and velocity.
Shadows. Elementary Wave, Theory of Light.
Photometry.
Reflection of light at place and spherical surfaces and the formation of images.
Refraction of light at plane and spherical surfaces and by prisms. Chromatic dispersion. Spectra.
Formation of images by single lenses.
The combination of two lenses to form (1) a simple telescope, (2) a compound microscope.
Eye, vision and spectacles; Colour and colour sensation.
Binocular.
Magic Lantern, Cinematograph and Photographic Camera.
Spectroscope.
Phosphorescence and Fluorescence.

(*d*) Magnetism:—

Properties of magnets.
Methods of Magnetisation.
Simple phenomena of magnetism and magnetic induction.
The magnetic field; lines of force. The law of magnetic force.
Magnetic Moment.
The Earth as a magnet.

(*e*) Frictional Electricity:—

Electrical attractions and repulsions.
Electric charge and electron.
Properties of conductors and non-conductors.
*The law of electric force.
*Electrical Induction.
*Electrical field; strength of field.
*Potential capacity.
Distribution of electricity on conductors.
Simple condensers. Leyden jars.
Specific inductive capacity.
Electrophorus.
Frictional machines and Voss's machine
Electric discharge.

(*f*) Dynamical Electricity:—

Voltaic cell; electric current.
Magnetic effect of a current; simple galvanometers.
Primary batteries.
Electromotive force, difference of potential; resistance.
Ohm's law; volt; ohm; ampere.
Heating effects of currents.
Elementary phenomena of electrolysis.
Secondary Batteries.
Electromagnets.
Action of magnets on currents, and of currents on currents.
Elementary phenomena of electro-magnetic induction.
Induction Coil.
Electric Bell, Telegraphy and Telephone.
Thermo-electric couple.
Simple phenomena of discharge in gases.

(*g*) Sound:—

The Nature of wave-motion; propagation of sound; Frequency, amplitude and phase.
Reflection and refraction of sound.
Interference—Beats and Stationary waves.
Experimental determination of velocity of sound in air.
Musical sound and noise. Characteristics of sound.
Siren.
Vibration of strings, sonometer.
Vibration of air columns, organ pipes.
Phonograph.

Note.—The course in Physics shall be mainly experimental. Candidates will be expected to show general acquaintance with the apparatus by which the elementary principles of Physics are illustrated and applied.

Practical Course.

Length measurements by millimeter rule. Eye-estimation of tenths of a division.

Measurement of angles by protractors.

Use of the vernier, linear and angular. Measurement of areas by plotting on squared paper and by weighing. Thickness by spherometer.

Laws of Inclined plane.

Verification of the laws of friction.

Time of swinging of a simple pendulum. Verification of the formula t varies as $\sqrt{l}$.

---

*Only elementary notions on these points will be required.

Use of the balance weighing to one centigramme.
Determination of specific gravities of solids and liquids by the hydrostatic balance and Nicholson's Hydrometer.
Determination of the specific gravity of a liquid by Hare's apparatus.
Verification of Boyle's law.
Reading the barometric height.
Determination of fixed points of thermometers.
Simple methods of determining specific heat of a solid and latent heat of fusion of ice.
Verification of the laws of reflection and refraction.
Use of simple photometers.
Refractive index of glass plates.
Focal length of a concave mirror. Focal length of convex lenses.
Measurement of the angle of deviation of a prism by the pin method.
Localisation of the poles of a bar magnet.
Tracing the lines of force in the neighbourhood of magnet.
Setting up of common voltaic cells.
Verification of Ohm's law by a tangent of galvanometer.
Measurement of resistance by a simple form of Wheatstone's Bridge.
Velocity of Sound by Resonance Column.

Syllabus No. 26.

Chemistry for the Intermediate Examination in Group B.

States of aggregation of matter, effect of pressure and temperature on volumes of gases, changes of state, saturation pressure, indestructibility of matter and of energy, chemical and physical changes, enumeration of changes attending chemical reaction, elements and compounds, balance, weights and measures, common laboratory processes—mixture, solution, crystallisation, distillation, evaporation, filtration, decantation, desiccation, combination by weight and volume, atoms and molecules, Avogadro's Law, simple examples of determination of atomic weight, laws of chemical combination, the atom and atomic theory, terminology and nomenclature, symbols, formulæ, equations, decomposition, dissociation, combustion, oxidation, reduction, calculation of formula from percentage composition, calculations relating to weight and volume, valency, acids, bases and salts, neutralisation. Position of the elements included in the syllabus in the periodic table.

Study of the following:—Hydrogen, oxygen, catalytic agent, ozone, allotropic modifications of elements, water, hydrogen peroxide, nitrogen, air, ammonia, oxides of nitrogen, nitric acid, sulphur, polymorphs of elements, sulphuretted hydrogen, sulphur dioxide, sulphur trioxide, sulphuric acid, carbon, carbon monoxide, carbon dioxide, coal and its chief products, coal gas, marsh gas, ethylene, acetylene, structure of flame, chlorine, hydrochloric acid, hypochlorous acid, bleaching powder, chlorates of potassium and calcium, bromine, hydrobromic acid, iodine, hydriodic acid, phosphorus, phosphoretted hydrogen, phosphorus trioxide, phosphorus pentoxide, orthophosphoric acid, and orthophosphate, dialysis, composition of glass, borax, sodium, calcium, magnesium, zinc, mercury, copper, silver, aluminium, lead, iron—omitting metallurgical details,—and their oxides, hydroxides, chlorides, nitrates, sulphates and carbonates.

Practical Course.

Fitting up of a simple apparatus, *e.g.*, a wash-bottle.
Performance of experiments involving solution, filtration, distillation and crystallisation.
Rough determination of the water of crystallisation of hydrated salts and solubility of a substance.
Preparation and study of the principal properties of hydrogen and oxygen.
Rough determination of the volumetric composition of air by slow oxidation of phosphorus.
Simple dry tests, e.g., flame, borax-bead, bulb tube and charcoal tests.
Determination of the equivalent weight of a piece of magnesium or zinc by measurement of the volume of hydrogen evolved.
Preparation and study of the principal properties of sulphur dioxide, nitric acid, nitric oxide, ammonia, carbon dioxide, hydrochloric acid, and sulphuretted hydrogen.
Distinction between chloride, bromide and iodide.

Qualitative analysis of simple substances containing not more than one acid and one basic radical included in the following list:—

Ammonium, sodium, calcium, magnesium, zinc, mercury, copper, silver, aluminium, lead, iron, and their chlorides, nitrates, sulphates and carbonates.

Standardisation of a given acid or alkali solution.

Syllabus No. 27.

Chemistry for the Intermediate Examination in Group D.

Inorganic Chemistry:—

General principles of Inorganic Chemistry and study of the following:—

Hydrogen, Oxygen, Water, Hydrogen Peroxide, Nitrogen, Ammonia, Nitrous Oxide, Nitric Oxide, Nitrogen Peroxide, Nitric Acid, Chlorine, Hydrochloric Acid, Sulphur, Sulphuretted Hydrogen, Sulphur Dioxide, Sulphuric Acid, Carbon, Carbon Monoxide, and Carbon Dioxide.

Elementary study of the following metals (excluding metallurgy): Sodium, Calcium, Magnesium, Iron, Copper, Aluminium and their Oxides, Hydroxides, Chlorides, Nitrates and Sulphates. Preparation and properties of the following salts:

Potassium chlorate, Potassium permanganate, Potassium Dichromate, Bleaching powder, Alums, Borax, Chlorides of Tin and Tartar emetic.

Organic Chemistry:—

Elementary study of the following:—

Methane, Ethane, Chloroform, Methyl-iodide, methyl alcohol, Ether, Formic Acid, Acetic Acid, Benzene, Toluene, Nitro-benzene, Aniline, Phenol, Benzaldehyde, Benzoic Acid, Naphthalene, Anthracene, Phthalic Acid, Diazo-reaction, Azo compounds, and the simple typical Dyes, *e.g.*, Congo red, Rosaniline, Malachite green, Alizarin, Methyl-orange, Indigo.

Practical work in Chemistry:—

Fitting up of simple apparatus, *i.e.*, wash-bottle.

Performance of experiments involving Solution, Filtration, Distillation, and Crystallisation.

Preparation of Hydrogen, Oxygen, Ammonia, Sulphuretted Hydrogen and Sulphur Dioxide.

Simple qualitative detections of inorganic acidic and basic radicals in single salts of the metals included in the theoretical course.

Determinations of the equivalent weight of a piece of Magnesium or Zinc by measurement of the volume of hydrogen evolved.

Detection of the following organic compounds:—

Ethyl Alcohol, Acetic Acid, Aniline, Phenol, Nitro-benzene, Benzoic Acid, Benzene and Benzaldehyde.

Syllabus No. 25.

Physics for the Intermediate Examination in Group D. (Dyeing.)

(*a*) General Ideas—

Units of measurement and definitions of mass, force and motion
Laws of motion.
Work and energy.
General properties of solids, liquids and gases.
Elasticity—Hook's Law and Young's Modulus.
Motions of translation and rotation.
Laws of pressure of liquids and gases; measurement of pressure,
Barometer, Siphon, Air Pump.
Equilibrium of floating bodies.
Specific gravity.
Simple Harmonic motion.
Motion of pendulum.

(b) Heat:—

Laws of expansion of solids, liquids and gases under heat. Measurement of temperature.
Quantity of heat. Specific heat. Changes of molecular state and latent heat of molecular changes of state.
Vapour-pressure; boiling point, dew point; formation of cloud, fog and dew; simple ideas of Hygrometry.
Radiation, conduction and convection of heat.
The connection between heat and work.
Steam-engines.
Simple Petrol Engine.

(c) Light:—

Laws of transmission of light, its intensity and velocity.
Shadows. Elementary Wave, Theory of Light.
Photometry.
Reflection of light at place and spherical surfaces and the formation of images.
Refraction of light at plane and spherical surfaces and by prisms. Chromatic dispersion. Spectra.
Formation of images by single lenses.
The combination of two lenses to form (1) a simple telescope, (2) a compound microscope.
Eye, vision and spectacles; Colour and colour sensation.
Binocular.
Magic Lantern, Cinematograph and Photographic Camera Spectroscope.
Phosphorescence and Fluorescence.

(d) Magnetism:—

Properties of magnets.
Methods of Magnetisation.
Simple phenomena of magnetism and magnetic induction.
The magnetic field; lines of force. The Law of magnetic force.
Magnetic Moment.
The Earth as a magnet.

(e) Frictional Electricity:—

Electrical attractions and repulsions.
Electric Charge and Electron.
Properties of conductors and non-conductors.
*The law of electric force.
*Electrical Induction.
*Electrical field; strength of field.
*Potential capacity.
Distribution of electricity on conductors.
Simple condensers. Leyden jars.
Specific Inductive Capacity.
Electrophorus.
Frictional machines and Voss's machine.
Electric discharge.

(f) Dynamical Electricity:—

Voltaic cell; electric current.
Magnetic effect of a current; simple galvanometers.
Primary batteries.
Electromotive force, difference of potential; resistence.
Ohm's law; volt; ohm; ampere.
Heating effects of currents.
Elementary phenomena of electrolysis.
Secondary Batteries.
Electromagnets.
Action of magnets on currents, and of currents on currents.
Elementary phenomena of electro-magnetic induction.
Induction Coil.
Electric Bell, Telegraphy and Telephone.
Thermo-electric Couple.
Simple phenomena of discharge in gases.

NOTE.—The course in Physics shall be mainly experimental. Candidates will be expected to show general acquaintance with the apparatus by which the elementary principles of Physics are illustrated and applied.

*Only elementary notions on these points will be required.

Practical Course.

Length measurements by millimeter rule. Eye-estimation of tenths of a division.

Measurement of angles by protractors.

Use of the vernier, linear and angular. Measurement of areas by plotting on squared paper and by weighing.

Thickness by Spherometer.

Laws of Inclined plane.

Verification of the laws of friction.

Time of swinging of a simple pendulum. Verification of the formula t varies as $\sqrt{l}$.

Use of the balance weighing to one centigramme.

Determination of specific gravities of solids and liquids by the hydrostatic balance and Nicholson's Hydrometer.

Determination of the specific gravity of a liquid by Hare's apparatus.

Verification of Boyle's law.

Reading the barometric height.

Determination of fixed points of thermometers

Simple methods of determining specific heat of a solid and latent heat of fusion of ice.

Verification of the laws of reflection and refraction.

Use of simple photometers.

Refractive index of glass plates.

Focal length of a concave mirror. Focal length of convex lenses

Measurement of the angle of deviation of a prism by the pin method.

Localisation of the poles of a bar magnet.

Tracing the lines of force in the neighbourhood of magnet

Setting up of common voltaic cells.

Verification of Ohm's law by a tangent of galvanometer

Measurement of resistence by a simple form of Wheat-stone's Bridge.

Syllabus No. 29.

Botany for the Intermediate Examination in Group B (Science)

(1) External Morphology:—An elementary knowledge of the morphology of the root, shoot, leaf, inflorescence, flower, fruit and seed, including their origin and development.

(2) General study of the structure, function and life history of the following cryptograms:—Spirogyra, Yeast, Mucor, Moss and Fern A definition of Gymnosperm. Definition of species, genus and natural order. Study of the following Angiospermic families:—

(1) Nymphaeaceae,

(2) Cruciferae,

(3) Malvaceae,

(4) Rutaceae,

(5) Cucurbitaceae,

(6) Leguminosae,

(7) Compositae,

(8) Solanaceae,

(9) Euphorbiaceae,

(10) Liliaceae,

(11) Graminacae.

(3) Internal Morphology:—An elementary knowledge of the cell and its contents and its modes of division. The structure of the important tissues and tissue systems including their formation. Tissues of stem, root and leaf, of Dicotyledon and Monocotyledon.

(4) Vegetable Physiology:—An elementary knowledge of the nutrition, growth, respiration, excretion, movements, reproduction of plants and means of dispersal of seeds, illustrated by simple experiments.

Practical Course.

I. Morphological.

1. Structure of the following seeds:—

(*a*) Dicotyledonous ex-albuminous seed (Gram or Pea). (*b*) Dicotyledonous albuminous seed (Castor oil seed). (*c*) Monocotyledonous seed (Maize).

2. Structure of the following types of roots:—

(*a*) Tap root and its chief modifications. (*b*) Fibrous root of Monocotyledonous plant. (*c*) Different types of common advetitious roots.

3. Structure of different types of underground modifications of stem.
4. Venations of leaves.
5. Shapes of leaves. Incision of leaves.
6. Different types of compound leaves.
7. Metamorphosis of leaves.
8. Different simple types of Inflorescence.
9. Structure of simple types of flowers.

(*a*) Description of hypogynous, perigynous, and epigynous flowers. (*b*) Structure of different types of callyx. (*c*) Structure of different simple types of corolla. (*d*) Structure of different types of andraecium—

(*i*) cohesion, (*ii*) adhesion, (*iii*) relative lengths of stamens

(*e*) Structure of different types of gynoecium—

(*i*) Apocarpons, (*ii*) Syncarpons, (*iii*) Monocarpellary.

10. Description of different types of placentation.
11. Structure of different types of fruits and their parts.

II. Histological.

Microscopic study of:—

1. Cell-wall, Nucleus and plastids.
2. Rotatory and circulatory movements of protoplasm.
3. Typical dicotyledonous stems:—(Transverse section)—

(*a*) Regions of tissues, (*b*) Different tissues in (*i*) young sunflower stem, (*ii*) cucurbita stem.

4. Typical monocotyledonous stem anatomy.
5. Study of dicotyledonous root anatomy.
6. Study of monocotyledonous root anatomy.
7. Study of dicotyledonous leaf anatomy.
8. Study of monocotyledonous leaf anatomy.
9. Study of stomata.
10. Study of sporangia, spores in cross section of fern sporophyll through sorus.
11. Study of moss plant with sporogonium. (External only under simple microscope.)
12. Study of Spirogyra (including reproduction and R. org.).
13. Study of Mucor (including reproduction and R. org.).
14. Study of Yeast (including reproduction and R. org.).

III. Practical Note-book.

The practical work shall be entered into a note-book which shall be signed and certified by the teacher in charge from time to time. The note-book shall be submitted to the examiners at the time of the practical examination and shall carry 10 marks.

J. N. Roy, *Secretary.*

Education Department, Bengal.

NOTIFICATION.

Calcutta, the 27th May 1939.

Babu Brajamohan Dutt's Prize for Indian Ladies for the years 1937-38 and 1938-39.

Two prizes of Rs. 45 each will be awarded to the best two essays to be written on the following subject:—

"Ideal woman".

The conditions for the award of the prizes are—

(1) That the competition is open to all educated women, being natives of Bengal, without regard to age.

(2) That the essays should be written either in Bengali or Sanskrit.

(3) That the essays are to be sent to the Provincial Text-book Committee for adjudication within six months of the date of advertisement.

(4) That each essay should be accompanied by a written declaration from the husband, parent or guardian of the competitor that, to the best of his belief, she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays to the Secretary to the Provincial Text-book Committee, Writers' Buildings, Block No. 1, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt's Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

A lady who wins the prize in any year is not debarred from subsequent competition, and if the essay submitted by a competitor who has been previously successful is adjudged to be the best, the name of such a competitor will be published in the Gazette as the winner of the competition. The actual prize will, however, in these circumstances, be awarded to the competitor whose essay is adjudged to stand next in order of merit, provided that her essay comes up to the standard required by the next clause.

If none of the essays comes up to a standard which is, in the opinion of the Examiners, adequate, no prize will be awarded.

W. A. JENKINS,
Director of Public Instruction, Bengal.

RENT EXECUTION CASE No. 358 OF 1939

Prafulla Chandra Ghose, decree-holder,

versus

Dhirendra Nath Ghose and others, judgment-debtors

THE following zemindary property of the judgment-debtors will be sold at public auction at 12 noon on the 11th July 1939 by the Nazir of the District Judge of Nadia for realisation of decretal dues amounting to Rs. 1,803-5-6 :—

Specification.

4 as. 8 g. 3 k. 1 cr. 15 tils proprietary interest of the judgment-debtors in tauzi No. 337/1 of the Nadia Collectorate recorded in mauza No. 80 Jeolgari, khatian No. 3, police-station Krishnagar, mauza No. 49 Aranghata Narayanpur, khatian No. 52, police-station Ranaghat, and in other khatians of other mauzas; revenue payable according to the judgment-debtors' share in separate account No. 337/1 is Rs. 7,300-10-2 pies.

Revenue of the entire tauzi No. 337 is Rs. 26,282-12.

Approximate value Rs. 500.

SALE NOTICE

In the Court of the Sub-Judge of Rajshahi.

EXECUTION CASE No 25 OF 1939 (MONEY)

Sohan Lal Bayed and others, decree-holders,

versus

Kamala Prasad Sukul and others, judgment-debtors

NOTICE is hereby given that under order of the Subordinate Judge of Rajshahi the properties mentioned in the schedule below will be sold on the 15th day of August 1939 at 12 noon by the Nazir of the District Judge, Rajshahi

The amount due under the decree is Rs. 11,119-2-3 —

Schedule.

1. Five annas six gandas two karas two krantis zemindary right of the above judgment-debtors appertaining to tauzi No 266, Special No 1, of the Rajshahi Collectorate in mauza 25 Majh-Digha and others, khatian No 1.

The revenue of the estate being Rs. 1,246-1

SALE NOTICE

of

Teak, Gamhar and Miscellaneous Timber Trees in the Chittagong Hill Tracts Division, 1939-40.

THE Divisional Forest Officer, Chittagong Hill Tracts Division, will offer for sale by public auction at Chandraghona Forest Office, on Wednesday, the 9th August 1939, at 11 a.m., the following lots, under the conditions specified below.

Intending purchasers are invited to inspect the lots before the auction. The Range Officers, Sitapahar and Ringkheong Ranges, will give the necessary information regarding the boundaries of the lots. Maps showing the positions of the lots may be seen at the Divisional Forest Office, the Chittagong Forest Depot or at the Range Offices concerned :—

Conditions.

(1) The officer holding the auction is not bound to accept the highest or any offer for any lot. The sale of any lot, the value of which exceeds Rs. 5,000, shall not be complete until confirmed by the Conservator of Forests, Bengal.

(2) If the officer holding the auction accepts any offer for any lot or lots, the purchaser who has made the accepted offer shall immediately deposit an earnest money in currency notes amounting to 15 per cent. of the bid, provided that the Divisional Forest Officer may, at his discretion, accept a minimum of Rs. 100 as adequate earnest money to cover the acceptance of any number of offers by one purchaser. The earnest money will be retained as part of the security when the sale is confirmed.

(3) A security of 15 per cent. of the purchase money must be deposited by the purchaser within fifteen days of the confirmation of sale.

(4) Purchasers will be required to sign aggreements in the printed form for outright sales (a copy of which may be seen at the Divisional Forest Office, the Chittagong Forest Depot or at any Range office).

(5) The following are among the conditions of the agreement :—

(a) Felling and extraction to be completed before the 31st March 1940, except in the case of Clear Felling Coupes, which must be completed by the 1st March 1940.

(b) Purchase price must be paid in approximately equal instalments on or before the following dates, but sums of Rs. 50 and under must be paid in one instalment :—

Clear Felling Coupes.

1st instalment	1st October 1939.
2nd instalment	1st December 1939.
3rd instalment	1st February 1940.

Thinning and Selection Coupes.

1st instalment	1st October 1939.
2nd instalment	1st December 1939.
3rd instalment	1st February 1940.
4th instalment	1st March 1940.

(c) Claims for shortage of trees will be considered if submitted before 31st October 1939.

(d) Under no circumstances can the security deposit be credited to the last instalment. The security will be released only after the lot has been checked by the Range Officer after all work in the lot has been completed and all payments due have been settled.

(e) No timber shall be extracted unless paid for in full and duly salemarked. No extraction may be started until the security has been deposited, the agreement signed and the first instalment paid. Felling may start immediately after the security has been paid in full.

(f) All marked trees must be felled.

(6) Failure to complete the payment of security deposit by the prescribed date will render the purchaser liable to forfeiture of the earnest money and failure to sign the agreement within one month of the confirmation of sale will render the purchaser liable to forfeiture of the security deposit.

The lot or lots so affected shall be resold by public auction or by sealed tender at the discretion of the Divisional Forest Officer, and the purchaser shall be liable for any loss, short of his bid, on such resale.

NOTICE.

APPLICATIONS are invited from male candidates to fill the post of Professor of Botany in a Government College in the Bengal Senior Educational Service (Men's Branch).

The selected candidate will be required to join the appointment about the 16th August 1939.

(1) **Pay.**—The scale of pay is Rs. 300—50/2—600 (efficiency bar)—50/2—700 (efficiency bar)—75/2—1,000, which is liable to reduction consequent on the general revision of pays which is now being undertaken by Government.

The initial pay of a person promoted from a lower service will be regulated by the Bengal Services (Revision of Pay) Rules, 1934, and that of a direct recruit will be fixed on appointment, the minimum initial pay not exceeding the amount admissible for the age of 35 years, i.e., Rs. 550 per month.

(2) **Method of recruitment.**—The appointment will be made by selection from among the male candidates possessing the qualifications specified below, the officers already employed in the Education Department being permitted to compete with outsiders.

Preference will be given to a Muslim candidate if a suitable candidate is available.

(3) **Qualifications.**—The following are the indispensable qualifications for a candidate:—

(i) must be a British subject preferably having permanent residence in Bengal (in case of direct recruits) or the subject of the Indian States of Tripura and Cooch Behar;

(ii) must possess high academic qualifications in Botany and must have specialised in some Branch of Botany and produce evidence of capacity for advanced work: a record of successful experience in teaching, specially of University standing and organising ability will be additional qualifications.

(4) **Probation.**—The appointment will be made on probation for one year in the case of a promoted officer and for two years in the case of a direct recruit.

(5) **Date of submission of applications.**—Applications are to be made in writing in the prescribed form, copies of which may be obtained from the Secretary, Public Service Commission, Bengal, Writers' Buildings, Calcutta, personally or on sending an addressed envelope with a half anna stamp. They must reach the Secretary not later than the 22nd July 1939.

(6) **Particulars and certificates required.**—Each candidate must furnish evidence of his age, qualifications and previous experience, together with two certificates written not more than one year prior to the date of his application, from two responsible persons not related to him or connected by marriage, testifying to his private character. These certificates must be in addition to any furnished from persons connected with his school or College or University or with posts previously held by him.

Each candidate must give the exact date of his birth (on the basis of the age recorded in his Matriculation certificate) and the particulars of his permanent residence (village, post office, thana and district).

(7) **Fee.**—Every candidate must enclose with his application a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India, Calcutta. Under no circumstances will this fee be refunded.

(8) **Address.**—Every candidate should give his present address and should communicate at once any subsequent change of address.

(9) **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

PART III

Acts of the Bengal Legislature.

GOVERNMENT OF BENGAL.

Legislative Department.

NOTIFICATION.

No. 653L.—27th June 1939.—The following Act of the Bengal Legislature, having been assented to in His Majesty's name by the Governor, is hereby published for general information.

Bengal Act V of 1939.

THE CALCUTTA MUNICIPAL (AMENDMENT AND VALIDATION) ACT, 1939.

[*Passed by the Bengal Legislature.*]

[Assent of the Governor was first published in the *Calcutta Gazette* of the 29th June 1939.]

An Act further to amend the Calcutta Municipal Act, 1923, for removal of certain doubts about the extension of term of office of the Councillors and Aldermen of the Corporation of Calcutta.

WHEREAS the term of office of existing elected Councillors including those appointed under section 36 of the Calcutta Municipal Act, 1923, and of the existing Aldermen of the Corporation of Calcutta was extended by notification No. 3114M., dated the 20th September 1938, issued under the proviso to section 39 of the Calcutta Municipal Act, 1923;

Ben. Act III of 1923.

AND WHEREAS doubts have been raised as to the validity of the said notification owing to the language of the existing proviso to section 39 and of section 45 of the said Act;

AND WHEREAS it is expedient to remove such doubts by amending the said sections in the manner hereinafter appearing and to give retrospective effect to the said amendments;

AND WHEREAS it is also expedient to validate the said notification;

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Calcutta Municipal (Amendment and Validation) Act, 1939.

Amendment of section 25 of Bengal Act III of 1923.

2. To sub-section (*4*) of section 25 of the Calcutta Municipal Act, 1923 (hereinafter referred to as the said Act), the following proviso shall be added, namely:—

"Provided that the said period of three years may be extended by the Provincial Government for a period not exceeding one year, by notification in the *Official Gazette*, if in special circumstances (to be specified in the notification) they so think fit."

Amendment of section 39.

3. In the proviso to section 39 of the said Act—

(*a*) for the words "the said period" the words "the said term of three years," and

(*b*) for the words "for a period not exceeding one year" the words "for a term or terms not exceeding one year in the aggregate"

shall be substituted.

Amendment of section 45.

4. In sub-section (*2*) of section 45 of the said Act the word "triennially" shall be omitted.

Date of effect of amendments.

5. The amendments set forth in sections 2 and 3 shall be deemed to have been made with effect from the 20th September 1938.

The Calcutta Municipal (Amendment and Validation) Act, 1939.

(Sections 6, 7.)

Validation of notification extending the term of office of Councillors and Aldermen.

6. The notification No. 3114M., dated the 20th September 1938, which was issued under the proviso to section 39 of the said Act, shall be deemed to be as valid as if it had been issued under the proviso to the said section as substituted by section 3 of this Act and is hereby declared to have full force and effect.

Power of Provincial Government in respect of the next general election to be held before the expiry of the extended term of office of the Councillors and Aldermen.

7. If any difficulty arises as to the preparation or publication of the electoral rolls for the purpose of, or the holding of, the next general elections to be held under section 45 of the said Act before the expiration of the term of office extended under the proviso to section 39 of the said Act, the Provincial Government may by order authorise any matter or thing to be done which appears to them to be necessary for the proper preparation or publication of the rolls or for the proper holding of the elections.

By order of the Governor,

E. B. H. BAKER,

Secy. to the Govt. of Bengal.

PART V

Acts of the Indian Legislature assented to by the Governor-General and Ordinances promulgated by the Governor-General.

GOVERNMENT OF INDIA.

Legislative Department.

The following Act which was made by the Governor-General under the provisions of section 67B of the Government of India Act, as set out in the Ninth Schedule to the Government of India Act, 1935, and has received the assent of His Majesty signified on His Majesty's behalf by an Order in Council is hereby published for general information:—

An Act to provide for the discipline of members of the Indian Naval Reserve Forces raised in British India on behalf of His Majesty.

WHEREAS it is expedient to provide for the discipline of members of the Indian Naval Reserve Forces raised in British India on behalf of His Majesty, and in furtherance of that purpose to amend the First Schedule to the Indian Navy (Discipline) Act, 1934; **XXXIV of 1934.**

It is hereby enacted as follows:—

Short title, extent and commencement.

1. (*1*) This Act may be called the Indian Naval Reserve Forces (Discipline) Act, 1939.

(*2*) It extends to the whole of British India, and applies to members of the Indian Naval Reserve Forces wherever they may be.

(*3*) It shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint in this behalf.

The Indian Naval Reserve Forces.

2. The Indian Naval Reserve Forces shall consist of the Royal Indian Fleet Reserve, the Royal Indian Naval Reserve, the Royal Indian Naval Volunteer Reserve and the Royal Indian Naval Communications Reserve.

Power to make rules for regulation of Naval Reserve Forces.

3. The Central Government may make rules for the government, discipline and regulation of the Indian Naval Reserve Forces.

Liability to Naval Discipline Act.

4. Every member of the Indian Naval Reserve Forces, while undergoing training on board any vessel or otherwise, in pursuance of rules made under section 3, or when called into actual service in the Royal Indian Navy, on board any vessel or otherwise, in pursuance of the said rules, shall be subject to the Naval Discipline Act as set out in the First Schedule to the Indian Navy (Discipline) Act, 1934, in the same manner as a person in or belonging to the Indian Navy and shall continue to be so subject until duly released from such training or service, as the case may be.

XXXIV of 1934.

Penalty for failure to attend when required or called.

5. (*1*) If any member of the Indian Naval Reserve Forces, when required, in pursuance of rules made under section 3, to attend on board any vessel or at any place for the purpose of undergoing training, fails without reasonable excuse to attend in accordance with such requirement, he shall be punishable with fine which may extend to two hundred rupees

(*2*) If any member of the Indian Naval Reserve Forces, when called into actual service in the Royal Indian Navy and required by such call to join any vessel or attend at any place, fails without reasonable excuse to comply with such requirement at or within such time as the Central Government may, by order, direct, he shall be liable to be apprehended and punished in the same manner as a person in or belonging to the Indian Navy deserting or improperly absenting himself from duty, except that the punishment shall not exceed imprisonment which may extend to two years.

Rule of evidence.

6. Where any member of the Indian Naval Reserve Forces is required, in pursuance of rules made under section 3, to attend on board any vessel or at any place for the purpose of undergoing training, or is called into actual service in the Royal Indian Navy, a certificate purporting to be signed by an officer appointed in this behalf under the said rules and stating that the said member failed to attend in accordance with such requirement or call shall, without proof of the signature or appointment of such officer, be evidence of the matter stated therein.

Jurisdiction.

7. No Court inferior to that of a Presidency Magistrate or Magistrate of the first class shall try an offence punishable under sub-section (*1*) of section 5.

Modification of the Naval Discipline Act.

8. In the Naval Discipline Act as set out in the First Schedule to the Indian Navy (Discipline) Act, 1934,—

XXXIV of 1934.

(*a*) in section 86, for the words commencing "a person, holding" and ending "in the Indian Navy" the following shall be substituted, namely:—

"an officer holding any such position in the Indian Naval Reserve Forces during and in respect of the time when he is subject to the provisions of this Act";

(*b*) in section 87, for the words commencing "the Indian Naval Volunteer Reserve" and ending "he is liable" the following shall be substituted, namely:—

"the Indian Naval Reserve Forces to the extent specified in section 4 of the Indian Naval Reserve Forces (Discipline) Act, 1939".
